## Select Stamps

Item #	Description	NH	Mint	Used
237705	1a [1856 3 cent Dark Carmine with Yellow Gum] Used VF+ (4 large margins) with most of full yellow gum still intact. A very nice example, with only very slight discoloration in upper right. (Keep in mind that the #1a yellow gum and #1 brown gum were official regumming because the original shipment #1b with white gum was damaged by sea water. Some minor discoloration is typical and expected.) Very fresh and bright example that will look great in any collection.	---	---	395.00
236362	5-Ring/Dot MUTE black postmark on Scott #1a (Facit #1b) [1855 3 cent Carmine with YELLOW GUM]. Stamp Fine with 2 full margins, but actually looks F-VF. The postmark Superb for this. Stunning example of this postmark on the brightly colored #1a.	---	---	290.00
238271	2 [1866 3 cent Rose, Imperforate] Used Superb with four ample to large margins. Outstanding Rose color. Neat, light 5-ring-dot mute cancel in the upper left corner.	---	---	95.00
238273	2 [1866 3 cent Rose, Imperforate] Used Superb with four large to very large margins. Outstanding Bright Rose color. Neat, mute in the lower left corner. It would be hard to find a prettier example!	---	---	110.00
230855	3 Used F-VF+ with nice perforations for this issue and complete mute target cancellation.	---	---	349.00
238274	3 [1872 3 cent Carmine Red, Perforated] Used F-VF with two full margins, which is typical for the issue. Remarkably nice and clean perforations (usually the perfs are terrible) and very light, neat (but correct) cancellation. An excellent example.	---	---	330.00
238576	7 [1873 4 cent Bicolor, 1878 printing with blue center] Mint VF++ (XF in U.S. terminology) with extremely good centering, perforations, color, and gum. The hinge mark is so light that a 10x magnifying glass is needed to see it. Wonderfully fresh.	---	---	36.00
230861	9a (Print I: Violet and Dark Yellow) Used VF+ with unusually neat cancellation. Very scarce so nice.	---	---	146.00
230862	9b (Inverted Frame) NH VF+. Very fresh and attractive!	235.00	---	---
234231	9/9b [1878 7 cent Red Lilac and Orange, Normal and Inverted Frames] Mint VF+ vertical pair with INVERTED FRAME on lower stamp. Sensibly reinforced. Very attractive. Facit 2010 value for Mint combination pair, but with normal centering, is SEK 1500 = US\$200 [7/10], however, this is above that grade and vertical combination pairs are much scarcer.	---	---	225.00
236074	9b + 9 [1874 7 Cent Bicolor, Perf 14 x 13.5, Inverted + Normal Frame (1878 printing)] Mint VF-Superb horizontal pair lightly hinged and sensibly reinforced for safety. Wonderful quality and freshness.	---	---	240.00
234228	9/9b [1878 7 cent Red Lilac and Orange, Normal and Inverted Frames] Mint F-VF 4-block containing INVERTED FRAME in the lower left position. The block has been lightly and sensibly reinforced [the perforations were so weak on this issue that very few unreinforced blocks have survived]. Despite the catalog value premium for blocks and frame combinations, this is reasonably priced at only the break-up value of the stamps!	---	---	235.00

Item #	Description	NH	Mint	Used
237667	15 [1895 "10 CENTS 1895" on 50 cent Bicolor] Used Superb with neat, light cancellation. Used examples of this stamp are rare in such nice quality.	---	---	120.00
237671	17 [1898 3c Bicolor Perf 12.75 Inverted Frame] Mint VF / F-VF 4-block. Fresh and attractive. Priced just below the break-up value of the singles.	---	69.00	---
237677	18, Facit #16a Greenish Blue [1901 4c Bicolor Perf 12.75 Normal Frame] Mint VF 4-block. Extremely attractive.	---	125.00	---

237680	25 [1902 "2 CENTS 1902" Surcharge with small letters, Perf 12.75, Normal Frame] Used Fine / F-VF horizontal pair. Both "1" in surcharge look like "I".	---	---	84.00
230879	28a, "T.S." variety on left stamp. Used Superb. Scarce so nice!	---	---	46.25
238691	37 [1905 1 franc Ship in St. Thomas Harbor] NH with Superb centering. Wonderful color and freshness.	60.00	---	---

Lower right stamp (sheet position 7) with PLATE VARIETY AFA #30x "break in lower frame line below F and doubling of thin frame line to left of F". Plain NH VF singles sell for \$45 and the variety NH VF \$135 -- priced below the break-up value of \$270! This is a seldom-offered plate variety.	255.00	---	---
238276	37 [1905 1 franc Harbor] Mint F-VF+, lightly hinged, with INVERTED WATERMARK. Very fresh.	---	80.00	---
238693	38 [1905 2 franc Ship in St. Thomas Harbor] NH with VF+ centering. INVERTED WATERMARK (Facit #39v1: 2016 SEK 1500). Wonderful color and freshness. Quite scarce.	---	200.00	---

237686	51 [1915 5 bit Christian X] NH / Mint (only 3 stamps LH, rest NH) F-VF / VF 10-block. No catalog-listed plate varieties, but various interesting smaller varieties in several positions. Priced below the individual break-up value of over \$110!	---	84.00	---

238696	J6 IMPERFORATE [1905 20 bit Postage Due] NH Superb imperforate right-margin (full) single with huge margins and full NH gum that appears to be original and contemporaneous. ## Bargain Stamps

These bargain-priced stamps are attractive, but most have hidden flaws. You can save a tremendous amount of money when you add such stamps to your collection. Each stamp is one of a kind, so please let me know if I may substitute a different example (that looks as good or better, for the same cost) if the stamp you order has sold. If you have any doubts, all are available for approval viewing. If you are seeking stamps of this quality and price level from any of the Scandinavian countries, just send along your want list -- I will be happy to send bargains on approval. Scott numbers have been used unless otherwise stated.

Item #	Description	NH	Mint	Used
238268	1 [1855 1 cent Dark Carmine, Imperforate, Brown Gum] Mint VF with three very large margins and one close margin, but no gum (typical), and small thin spot. Some people have/had intentionally soaked the gum off examples of #1 to prevent the gum from damaging the paper. (The brown gum was officially applied at Christiansted after humidity or seawater [reportedly variously in the literature] damage on the trip from Denmark.) Mint VF with gum otherwise \$330. Very attractive example with wonderfully clear impression.	---	85.00	---
238270	1 [1855 1 cent Dark Carmine, Imperforate, Brown Gum] Mint VF+ appearing with four large margins and full gum, but with tiny tear at bottom (caused by internal paper stress typical of the brown gum stamps). (The brown gum was officially applied at Christiansted after humidity or seawater [reportedly variously in the literature] damage on the trip from Denmark.) Mint VF otherwise \$330. Very attractive example.	---	110.00	---
230902	1 Mint with Fine centering but with thin. Looks nice.	---	42.00	---
230901	1 Used slight defects, lightly canceled. Looks nice. (The lighter paper coloration suggests that this might be 1a, yellow gum, but cannot be determined for sure.)	---	---	42.00
238258	2 [1866 3 cent Rose, Imperforate] Mint F-VF, but no gum, and with very tiny (0.5 mm) tear	---	---	---

Item #	Description	NH	Mint	Used
	in lower right margin. Very fresh looking.		---	---
238256	2 [1866 3 cent Rose, Imperforate] Used Fine with only two margins and various small defects. Unusually "reddish" color. Interesting variety: Plate 1, Sheet Position 12: "doubling of lower half of right outer frame edge". With a double-plate of 200 subjects and a net distribution of less than 264,000 stamps, each variety represents only 0.5% of the stamp issue, thus less than 1320 examples.		---	16.00
230907	3 Used VF centering with usual tropical aging and tiny tear (otherwise \$393!). An inexpensive example of a very scarce stamp!		---	70.00
238264	4 [1873 4 cent Ultramarine, Perforated] Mint F-VF, but no gum (typical), and with small thin. Very attractive with visible margins all around (unusual). Mint F-VF with gum would be \$340! Scarce stamp.		---	110.00
238267	4 [1873 4 cent Ultramarine, Perforated] Mint Fine, but no gum (typical), and slightly aged. A scarce stamp in fairly typical quality.		---	70.00
236373	4 Used with better than usual VF centering and proper cancellation, but rough, irregular perforations at bottom apparently resulting from not being fully punched out. This stamp is often found with rough, irregular perforations. An example of this centering would otherwise sell for \$900!!! Very attractive.		---	265.00
236366	5a, Facit #5a First Printing; Violet (Purple) and Emerald Green on Thin Paper [1873 1 cent Bicolor] Mint no gum, Just Fine centering. Brilliant, true colors that make this an excellent example for a color comparison set. Scott lists only four colors/papers for this stamp though there are nine printings, thus nine colors/papers; Scott #5a comes the closest (because it is the listing for thin paper), but the 2012 Facit value for this stamp is SEK 1300 = US\$185! A nice example at a very reasonable price.		---	59.00
236069	5e [1873 1 Cent Bicolor, Perf 14 x 13.5, Inverted Frame] Mint with Superb centering, but without gum. Brilliant.		---	18.00
232328	7b [4c Brown and Ultramarine] Mint VF+ with partial gum remaining (mint examples of this stamp are usually found without gum or defective). Extremely pretty with wonderful color.		---	165.00

232329	7b [4c Brown and Ultramarine] Mint VF with partial gum remaining (mint examples of this stamp are usually found without gum or defective). Rounded corner perf. Very pretty with wonderful color.		---	79.00
230910	7b [Brown and Ultramarine] Used F-VF+ centering and light cancellation (otherwise \$250!) with a few blunted perfs at top and hint of tiny thin speck. A very pretty stamp.		---	59.00
215157	7b Used Fine+. Nice but reperfed at right.		---	58.00
203956	7b Brown and Ultramarine. Used Average; typical centering. Nice, fresh color.		---	60.00
230909	7b [Brown and Ultramarine] Used Average. Fresh example; this stamp is scarce with nice centering.		---	72.50

235633	9a [Lilac and Dark Yellow] Mint with Superb centering but without gum. Very attractive example. Otherwise would be \$175!		---	69.00
230912	9a [Lilac and Dark Yellow] Mint F-VF but without gum. Very attractive example.		---	39.00
215160	9a Used F-VF with almost full 1878 cancel. Extremely light crease. Pretty!		---	39.00

236378	9a Lilac and Yellow. Used with F-VF centering and wonderfully neat cancellation, but small tear at lower right (hidden by the postmark). Very attractive. This stamp would otherwise be \$119!		---	28.00
236070	9b [1874 7 Cent Bicolor, Perf 14 x 13.5, Inverted Frame (1878 printing)] Mint with VF centering, full gum and lightly hinged, but with a crease (that may be a natural stress crease) that is only obvious from the backside. Otherwise \$110! Brilliant looking example of a scarce stamp.		---	22.00
236376	9b INVERTED FRAME Mint, no gum, with F-VF centering. No defects other than the lack of gum. Very attractive and fresh looking. This stamp would otherwise be \$88!		---	29.00
203957	9a First Print, Lilac and Yellow. Used F-VF+ but with two left corner perf tips improved. Wonderful color, nice centering, and neat postmark.		---	22.00

221454	14a [1887 "1 CENT" on 7 cent Dark Yellow and Lilac Bicolor, first printing] Mint Superbly centered example without gum (typical) and small natural inclusion in the paper. Otherwise this stamp would fetch \$150 or more. This stamp is usually poorly centered; such attractive examples are not often seen.		---	69.00
230934	14a [Lilac and Dark Yellow] Used F-VF centering but expert repair that most people would not find (otherwise \$245). Looks very nice.		---	48.00
236383	14c INVERTED FRAME [1887 "1 CENT" on 7 cent Bicolor] Mint, full original gum, with Fine centering, but with rounded lower left corner perforation (the only problem). This stamp would otherwise be \$150 with this centering! Fresh and attractive.		---	69.00

<b>1903 Bisect Covers</b>		
Four cent stamps were officially allowed to be bisected due to a shortage of two cent stamps. Use started 20 January 1903 and continued until 23 May on St. Thomas and 4 June on St. Croix (Christiansted and Frederiksted). Typical use is for the two cent domestic letter rate, however two cent foreign post card rate uses do exist (very scarce). Double weight printed matter items probably also exist, but are rare. Only one bisected example of the Perf 14 Printing I (ultramarine) Bicolor is recorded. However, the second printing of the Perf 14 is available. The Perf 12.75 4 cent Bicolor had two printings (greenblue vs blue) as well as various inverted frame positions of both colors; all exist bisected though the blue color is scarcer and the inverted frame examples are very scarce. The bisects are diagonal and are often collected in all four possible positions of each of the available printings. Additionally some collectors seek examples with all the different postmarks in use at the time. First day and last day uses are also sought. Because of the exciting nature of the bisects, they were also used on "cacheted" souvenir covers which are avidly sought after. I usually have more examples available than are shown on my website and in my price list. If you are seeking printings, positions, or postmarks not listed here, please inquire. All items are available on approval.

<b>Transit Mail</b>		
Covers originating in other countries, to destinations other countries, that have passed through the Danish West Indies and bear DWI postal markings. The location of the DWI provided an excellent transit point for mail passing through the region and thus one can find surprisingly interesting transit usages.

238022	Liberia 5c Alligator stamp on 9 November 1967 SHIP MAIL cover from the MV Almaflora (Monrovia, Liberian flag), posted with machine cancellation "CHARLOTTE AMALIE / V.I." and with 4-RING TARGET CANCEL. Also with violet "PAQUEBOT" handstamp. Appears to be philatelic, to the U.S.; with U.S. sorter markings on the backside, so it did go through the mail. The use of the 4-ring target cancellation is a surprise to me; I do not know if this is the same device still in use since the DWI days (but it sure looks like it) or if it is a later device.	30.00

238256	2 [1866 3 cent Rose, Imperforate] Used Fine with only two margins and various small defects. Unusually "reddish" color. Interesting variety: Plate 1, Sheet Position 12: "doubling of lower half of right outer frame edge". **1873-1895 Perf 14 Bicolors**

Item #	Description	Price	Mint	Used
236366	5a, Facit #5a First Printing: Violet (Purple) and Emerald Green on Thin Paper [1873 1 cent Bicolor] Mint no gum, Just Fine centering. Brilliant, true colors that make this an excellent example for a color comparison set. Scott lists only four colors/papers for this stamp though there are nine printings, thus nine colors/papers; Scott #5a comes the closest (because it is the listing for thin paper), but the 2012 Facit value for this stamp is SEK 1300 = US\$185! A nice example at a very reasonable price.			59.00
237891	5, Facit #5dv2 INVERTED WATERMARK, Print 4 [1 Cent Bicolor, Perf 14, Normal Frame] Used Fine with neat, well-centered 4-ring mute cancellation, but with a thin. Delicate color and very attractive. The inverted watermark of this printing is quite scarce; Facit 2014 value is SEK 1000 = \$160.			45.00
205593	6a, Facit #6b, AFA #6 Print 2, the Thick Frame printing; Rose and Light Blue. Used VF. Scarce so nice.			85.00
203990	8, Facit #8b, AFA #10 Print II. Used Superb with perfect centering, light cancellation, and strong color. Outstanding!			75.00
234231	9/9b [1878 7 cent Red Lilac and Orange, Normal and Inverted Frames] Mint VF+ vertical pair with INVERTED FRAME on lower stamp. Sensibly reinforced. Very attractive. Facit 2010 value for Mint combination pair, but with normal centering, is SEK 1500 = US\$200 [7/10], however, this is above that grade and vertical combination pairs are much scarcer.			225.00
236074	9b + 9 [1874 7 Cent Bicolor, Perf 14 x 13.5, Inverted + Normal Frame (1878 printing)] Mint VF-Superb horizontal pair lightly hinged and sensibly reinforced for safety. Wonderful quality and freshness.			240.00
234228	9/9b [1878 7 cent Red Lilac and Orange, Normal and Inverted Frames] Mint F-VF 4-block containing INVERTED FRAME in the lower left position. The block has been lightly and sensibly reinforced [the perforations were so weak on this issue that very few unreinforced blocks have survived]. Despite the catalog value premium for blocks and frame combinations, this is reasonably priced at only the break-up value of the stamps!			235.00
236867	10a (Thin Paper), Print II. Facit #10b, AFA #11 Print II. [Dark Chocolate Brown and Dark Steel Blue] Used F-VF appearance with light early-period (serif) cancellation, but a couple shorter perf teeth. Very fresh and nice example of this color (which is often faded). Because the paper is extremely thin, undamaged examples are very scarce and undercataloged. Facit 2013 value SEK 550 = US\$88 [1/2013].			39.00
205600	10, Facit #10e, AFA #11 Print 5; Light Brown and Light Pearl Gray. Used Superb with neat fully dated cancellation.			53.00

238697	J8 IMPERFORATE [1905 50 bit Postage Due] NH Superb imperforate right-margin (full) single with huge margins and full NH gum that appears to be original and contemporaneous. This appears to be an actual imperforate of the issued stamp and NOT a gummed proof (which would have a different color shade under natural and long-wave UV light). The actual imperforates are seldom offered.	130.00

Scott #	Description	NH	Mint	Used
238268	1 [1855 1 cent Dark Carmine, Imperforate, Brown Gum] Mint VF with three very large margins and one close margin, but no gum (typical), and small thin spot. Some people have/had intentionally soaked the gum off examples of #1 to prevent the gum from damaging the paper. (The brown gum was officially applied at Christiansted after humidity or seawater [reportedly variously in the literature] damage on the trip from Denmark.) Mint VF with gum otherwise \$330. Very attractive example with wonderfully clear impression.	---	85.00	---
238270	1 [1855 1 cent Dark Carmine, Imperforate, Brown Gum] Mint VF+ appearing with four large margins and full gum, but with tiny tear at bottom (caused by internal paper stress typical of the brown gum stamps). (The brown gum was officially applied at Christiansted after humidity or seawater [reportedly variously in the literature] damage on the trip from Denmark.) Mint VF otherwise \$330. Very attractive example.	---	110.00	---
1a	Fine	---	---	260.00
237705	1a [1856 3 cent Dark Carmine with Yellow Gum] Used VF+ (4 large margins) with most of full yellow gum still intact. A very nice example, with only very slight discoloration in upper right. (Keep in mind that the #1a yellow gum and #1 brown gum were official regumming because the original shipment #1b with white gum was damaged by sea water. Some minor discoloration is typical and expected.) Very fresh and bright example that will look great in any collection.	---	---	395.00

236362	5-Ring/Dot MUTE black postmark on Scott #1a (Facit #1b) [1855 3 cent Carmine with YELLOW GUM]. Stamp Fine with 2 full margins, but actually looks F-VF. The postmark Superb for this. Stunning example of this postmark on the brightly colored #1a.	---	---	290.00

238271	2 [1866 3 cent Rose, Imperforate] Used Superb with four ample to large margins. Outstanding Bright Rose color. Neat, light 5-ring-dot mute cancel in the upper left corner.	---	---	95.00
238273	2 [1866 3 cent Rose, Imperforate] Used Superb with four large to very large margins. Outstanding Bright Rose color. Neat, mute in the lower left corner. It would be hard to find a prettier example!	---	---	110.00
238274	3 [1872 3 cent Carmine Red, Perforated] Used F-VF with two full margins, which is typical for the issue. Remarkably nice and clean perforations (usually the perfs are terrible) and very light, neat (but correct) cancellation. An excellent example.	---	---	330.00
238264	4 [1873 4 cent Ultramarine, Perforated] Mint F-VF, but no gum (typical), and with small thin. Very attractive with visible margins all around (unusual). Mint F-VF with gum would be \$340! Scarce stamp.	---	---	110.00
238267	4 [1873 4 cent Ultramarine, Perforated] Mint Fine, but no gum (typical), and slightly aged. A scarce stamp in fairly typical quality.	---	70.00	---
236373	4 Used with better than usual VF centering and proper cancellation, but rough, irregular perforations at bottom apparently resulting from not being fully punched out. This stamp is often found with rough, irregular perforations. An example of this centering would otherwise sell for \$900!!! Very attractive.	---	---	265.00

## Postal Stationery

In the United States, Scott numbers (Sc#) are often used for DWI stationery, however, Scott does not have complete listings, especially for the envelopes. Facit numbers (F#) are most commonly used and Facit values are the most realistic in my opinion. Ringstrom numbers (R#) are also used; Ringstrom is the stationery catalog for Danish stationery (as well as DWI, Iceland, Slesvig).

All items are available for viewing on approval. I have a large and constantly changing stock of mint and used DWI postal stationery of all types: single and double cards, and envelopes. What are you seeking?

### Shipping Company Stamps

These interesting stamps are often called Ship Letter Stamps. They were sold by the agents of ship operators and paid the postage on letters carried by commercial ships, usually when government mail service was not available. The DWI Shipping Company Stamps are listed in the annual Facit Specialized Catalog which I distribute and are most comprehensively listed in the beautiful 1976 handbook and catalog by S. Ringström and H.E. Tester The Private Ship Letter Stamps of the World, Part 1, The Caribbean which I have available.

I often have a wide range of Danish West Indies (as well as Danish, Finnish, Norwegian and Swedish) shipping company stamps in stock. These usually never make it to the website or price lists and are usually only available via approvals. Please be sure to let me know of your interests.

### Revenues

Often additional items are in stock but have not been put on the website or price list. All items are available for viewing on approval. Please let me know of your interest.

### Danish West Indies Revenue Stamps

DWI revenues (before the U.S. Virgin Islands era) are quite simple and do not really need numbering. However, they are listed by Baird in the March 1977 American Revenuer.

Item #	Description	Price
234203	2 Francs Mint (probably NH) F-VF centered but with a couple short perfs.	7.50
234204	2 Francs Mint, no gum, VF. Very pretty with dark color.	8.00
233985	5 Francs PARTIAL DIAMOND PERFORATION (DOUBLE PERFORATION) of the three right-most top and bottom horizontal teeth. (The perforation comb appears to have perforated one column of stamps at a time; it did not fully advance to the next column, thus cutting out some of the already-cut perforations.) Mint F-VF LH. The only example of such an error that I can recall seeing on a DWI revenue stamp.	100.00

### U.S. Virgin Islands Christmas Seals

The Virgin Islands Christmas Seals Fund issued very attractive perforated and imperforate Christmas Seal sheets from 1987 though 1999. In some years, the perforated sheets exist with perforated and/or imperforate top (?) margins (similar to most Christmas Seals of Greenland and Faroe). For the 1988-1999 issues, there are also perforated (only one margin type) and imperforate "annual" seals which do NOT bear the legend "Christmas" or the year date -- these were issued for use throughout the year, not just during the Christmas season. In some years, the seal sheet includes illustrations of the original DWI Christmas Seals. Artist-signed sheets exist for all years (but are scarce). Progressive color proof sheet sets exist for some years. All of these seals can be quite difficult to obtain, even though they are not costly. If you are interested in these issues, please let me know -- I do get material that never makes it into the website or price lists. All items are available for viewing on approval.

## Labels

The DWI labels of which I am aware are all propaganda labels that either protest or support the sale of DWI to the U.S. The sale was proposed during WWI when the German government was also interested in DWI as a submarine base (which is what the U.S. ended up building there, along with other installations). Prior to the negotiations with the U.S., as the result of a vote by the Danish legislature, there was to be a plebiscite in DWI; these seals were propaganda leading up to that vote. Some versions of the labels are scarce. Labels canceled with properly dated Danish cancel are very scarce, but examples canceled in DWI are rare if they exist (I do not recall seeing any). Labels are extremely scarce to rare used on cover; they must either be tied by the postmark or the cover must show some other convincing relationship to the label.

### Patriotic and Political Labels

#### Stem Mod Salg af Dansk Vestindien

Item #	Description	Mint
237995	"STEM MOD SALG AF DANSK VESTINDIEN" (vote against the sale of the Danish West Indies) version is the most often seen. I am aware of only one printing: Muted colors on yellowish uncoated paper, perforation 11.5. Examples with full gum and without defects are unusual.	
237995	"STEM MOD SALG AF DANSK VESTINDIEN" (Vote against the sale...) Mint F-VF centered, without gum. Some staining, and minor other defects, from poor storage conditions (probably in the islands). This is fairly typical quality.	8.00

#### Dansk Vestindien Protest Mod Salget

Item #	Description	Mint
	The "DANSK VESTINDIEN PROTEST MOD SALGET" (Danish West Indies Protest Against The Sale) version is seldom seen. This seal was issued by the Dansk Vestindisk Samfund, which seems to have been based in København. I am aware of at least two printings: a) Brilliant colors colors with ultramarine text (though sometimes greenish blue, but that may be due to light exposure), on bright white chalk coated paper, perforation 11.5. b) Strong colors (but some not as bright as on the coated paper version) with dull greenish-blue text, on yellowish uncoated paper, perforation 11.5. Examples of either printing with full gum are extremely scarce; examples without defects are quite scarce.	
237998	"DANSK VESTINDIEN PROTEST MOD SALGET" (Protest against the sale...) w/ ULTRAMARINE ON CHALK COATED PAPER. Mint VF centered, no gum, but staining from poor storage conditions.	8.00
237997	"DANSK VESTINDIEN PROTEST MOD SALGET" (Protest against the sale...) w/ ULTRAMARINE ON CHALK COATED PAPER. Mint VF, no gum. Despite missing its gum, still excellent quality for this.	45.00

#### Dansk Vestindien Protest Mod Salget

Item #	Description	Mint
	The "PANAMA CANAL ST. THOMAS HARBOUR" version is seldom seen, perhaps because it was possibly produced outside of Denmark (based on the British English text) and thus not found in as many DWI collections. The Danish flag indicates that this was made in the pre-sale era. However, it is not clear if this is a supportive or protest seal, though the presence of the U.S. flag tends to indicate support (DWI Mails says "possibly promoting the sale"). I am aware of	

only one printing: Perforation 11.5. I am not sure if the paper was originally coated paper. I have only seen example that have been soaked, but I suspect they were on chalk coated paper. Examples with full gum are extremely scarce; examples without defects are scarce. Imperforate examples exist, but are extremely scarce or rare.

238002 "PANAMA CANAL / ST. THOMAS HARBOUR" believed to be in support of the sale. Mint VF, without gum, but otherwise excellent quality. Examples with gum are extremely scarce. 30.00

238003 "PANAMA CANAL / ST. THOMAS HARBOUR" believed to be in support of the sale. Mint VF centered, without gum, but with minor stain spot and/or small defects. This is fairly typical quality for this. 8.00

238004 "PANAMA CANAL / ST. THOMAS HARBOUR" believed to be in support of the sale. Mint VF centered, without gum, but with stains and defects from poor storage conditions. 5.00
