215216	1977 Christmas Seal IMPERFORATE ERROR, design complete as issued, with text. NH VF pair. Extremely scarce!	69.00

215218	1977 Christmas Seal IMPERFORATE ERROR. Set of two NH VF pairs: one with design complete as issued, with text; the other with text missing. Extremely scarce!	125.00
215229	Freight Stamp Wovern #33 (1988 GF 14 catalog) [50 Øre Brown] VF on Superb 22 August 1934 fragtbrev ("freight letter" = invoice for freight shipment) for cheese and margarine carried on the ship Dugvan. Wovern noted that approximately 100 used stamps of this value were known to exist but that mint examples were not known. Of that 100, certainly no more than a couple dozen (if that!) would still exist on fragtbrev (the normal method of usage). Very scarce!	325.00

Gallery Stamps

Particularly attractive and scarce stamps that will make a wonderful addition to your collection. All are available for approval viewing.

Item #	Description	NH	Mint	Used
234896	Scott #1 [1919 2 øre overprint on 5 øre Christian X] Used VF on piece with VF unsurcharged 5 øre stamp (as was normally used), both with full MIDVAAG star cancellations. Partial (THORSHA)VN cancel to the left showing the correct curly E following the (not visible) date. Very attractive and fresh appearance. The fact that it is on piece is quite normal for this stamp and does not increase the cost (and the stamp could be removed from the piece without reducing the value). Accompanied by a Jay Smith photo certificate with lifetime guarantee.	---	---	525.00
235631	Scott #1 Used VF with neat, light correct-type 1919 cancellation. Unusually nice centering for this stamp. Such nice examples are not often seen. Accompanied by Jay Smith photo certificate with Lifetime Guarantee.	---	---	550.00
202156	Scott #2 Type I [20 øre overprint on 1 øre Numeral] NH VF horizontal 3-strip. Fresh and bright. Multiples of this issue are difficult to obtain.	---	---	190.00
202157	Scott #2 Type I [20 øre overprint on 1 øre Numeral] NH VF horizontal pair. Fresh and bright.	---	---	125.00
234401	2 Surcharge Type II [20 on 1 øre WWII Provisional Surcharge, Type II issued 28 May 1941] Mint F-VF example, extremely lightly hinged. In terms of relative rarity compared to the Type I surcharge of the same denomination, this is by far the scarcest of the three Type II surcharges. Very	---	---	---

234404	2 [20 on 1 øre WWII Provisional Surcharge] Used VF on piece with THORSHAVN pictorial codfish cancellation (translates to "Eat Faroese Codfish"). Surcharge variety: DAKA GF10 #40 "Short top bar" which doubles the value of the normal stamp (normal used VF stamps sell for \$115).	---	---	175.00
235100	Scott #2 [1941 20 øre surcharge on 1 øre] Used VF with almost perfectly centered VAAG town cancellation, though the date is too faint to read. Very attractive.	---	---	130.00
202162	Scott #3 [20 øre overprint on 5 øre Numeral] Used VF on large piece from cover, with attractive THORSHAVN 14 November 1942 cancellation.	---	---	39.00
202163	Scott #3 [20 øre overprint on 5 øre Numeral] Used VF on piece from money order form, with neat THORSHAVN 27 March 1941 cancellation.	---	---	39.00
202164	Scott #3 [20 øre overprint on 5 øre Numeral] Used VF well-centered THORSHAVN 19 April 1941 cancellation.	---	---	39.00
234405	3 [20 on 5 øre WWII Provisional Surcharge] Used VF on piece with THORSHAVN pictorial codfish cancellation (translates to "Eat Faroese Codfish"). This example is interesting because when viewed under 10x magnification, the surcharge appears to be slightly doubled in the way that the Type II surcharges appear, but they only exist on #2, 5, and 6, at least that is what we have long believed to be the case.	---	---	55.00
235101	Scott #3 [1941 20 øre surcharge on 5 øre] Used VF with almost perfectly centered VAAG town cancellation dated 1941. Very attractive.	---	---	45.00

234406	65 Olive COLOR ERROR [1981 10 oyru Rune Stone] NH VF single in Yellowish Olive Green instead of the normal Gray Green. Our late friend and Faroe modern-issues expert Art Quarles, who had many personal contacts inside the Faroe post office, was "absolutely sure" that this color difference existed when the Faroe post office received their supply from the stamp printer and that it was not a color changeling. I last had a few examples of this error back in 2007 and all very quickly sold for \$250 each. I now have only four more examples.	---	250.00	---

233531	19 [1975 450 oyru Farm] "GREEN HILL" normal color. The hillside in the upper left corner is distinctly greenish. The difference between this normal color and the "brown hill" variety has never been catalog listed.	2.50	2.75
233534	19 [1975 450 oyru Farm] "GREEN HILL" normal color. The hillside in the upper left corner is distinctly greenish. The difference between this normal color and the "brown hill" variety has never been catalog listed. NH VF Complete sheet of 50, unfolded. There is some very minor marginal edge wear on the bottom inch of the right margin. [NOTE: This measures 9.25 x 13.75 inches.] Unfolded sheets of this size are scarce!	115.00	---
233530	19 [1975 450 oyru Farm] "BROWN HILL" variety. This variety in which the hillside in the upper left corner is distinctly brownish has been well known since 1975 or 1976. Yet it has never been catalog listed whereas many lesser varieties have been listed. This variety is somewhat scarcer than the usual "green hill" stamps.	7.50	8.00

Machine Stamps

Faroe first started issuing machine stamps on October 9, 2008. While these stamps were not made for the type of machines produced by the Frama company, many people call all machine stamps "FRAMA" stamps. Others call them "automat" stamps. These are real postage stamps, not meters or labels. They are valid from any lo-

cation in the Faroes, at any time, by any mailer. (Unlike meter imprints which are only valid from the location and on the date imprinted, by the licensed user.)

Year Sets

These year SETS are offered at a discount from the individual stamp set prices. Year SETS are NOT the same item as an official year PACK. Year SETS are simply year groupings of stamps. Year PACKS are officially issued packages (folders/packs) and are popularly collected as year packs. Unless otherwise mentioned, the year SETS I offer contain all the basic stamps and "normal" souvenir sheets expected by a collector using a Scott album, but often this will be the same as what is needed by the collector using a European-made album. Year SETS are usually more correct for given styles of albums and often contain more stamps than the officially packaged year PACKS (in which the post offices often do not include everything that they should). Older year PACKS usually cost more than year SETS. However, year SETS are offered at a discount from the total of the individual items they contain (unless they only contain one individual stamp set). Year PACKS are also available: **the earliest year packs are here and the most recent year packs are here.**

I guarantee your satisfaction and guarantee that you will always receive first quality stamps. As with almost all items I offer, you are welcome to request year sets to be sent on approval.

Year Packs

All Year PACKS are NH VF and fresh, complete as issued by the post office. The post office occasionally omits from the Year PACKS items that most people wish to have. These "extra" items are listed below, after each Year Pack, with "+" preceding the description. Order these items as well if you wish to have all the stamps issued for a given year.

Year PACKS are packages officially issued by the post office and are collected by many people as intact Year Packs. Earlier Year PACKS often sell for more than the stamps they contain. Year SETS are simply groupings of all the stamps issued in a year and sell at a discount from the total value of the stamps they contain. Depending upon what the post office has put into the Year PACKS, Year SETS often contain slightly different items than Year PACKS; because of this, direct price comparisons cannot be made -- you must look at what items each contains.

I guarantee your satisfaction and guarantee that you will always receive first quality stamps. As with almost all items I offer, you are welcome to request Year Packs or Year Sets to be sent on approval.

Year Books

Official year books are handsome books that contain the stamps issued during the year as well as dozens of wonderful photographs and illustrations and interesting and informative text about the stamp issues and the country. Faroese official year books have been issued since 1987. Starting in 1989, the year books were issued in two language editions: Danish/Faroese and English/German. Unless otherwise stated, the edition with English text is offered below. (The other editions are sometimes available; please inquire if interested.) The 1987 and 1988 editions are hardbound; the later editions are softbound. Each book contains one year of stamps.

Maximum Cards

All maximum cards are Very Fine in fresh and attractive condition, as issued. All maximum cards are officially issued unless otherwise indicated or in a section stating that they are private. Some cards may bear a card or series number on the reverse, however Faroese was inconsistent and there is no overall card/series numbering on all official cards.

Souvenir Cards

With only a couple minor exceptions, the only officially issued Faroe "souvenir cards" are their so-called officially-issued "album pages". Additional items are usually in stock, but not on the website; please request approvals.

Official Souvenir Cards

Item #	Description	Price
215221	1975 Souvenir card prepared in conjunction with the Hafnia 76 stamp show in Denmark. 70 and 120 øyr stamps of the First Issue, first day canceled. Numbered on reverse. Both stamps are Slania engraved.	22.00

Official Souvenir Pages

Officially issued by the Faroe post office, these little-known first day-canceled souvenir cards or pages were intended to be put in a 2-post binder (I have never seen one). The opening page in the book was to be the 1975 90 øre Map issue (I have never seen pages for the rest of the 1975 issue). Following that, I have only seen a page for the 1976 Postal Service issue and one example of a page (no stamp affixed) for the 1979 Ram. Then my record jumps to 1981, with nearly full coverage until 1988. Pages may have been issued later than that, but I have never seen them or any reports of them. However, a card not listed is not necessarily scarce. My understanding is that these pages were originally intended to be for child collectors, but that they ended up having a broader interest base. In any case, while they were current, I never saw them offered in North America. Many of the pages are highly "topical", including issues engraved by Slania, but are virtually unknown to topical and Slania collectors. While these pages were apparently intended only

to be offered with stamps affixed and first day canceled, I have seen just a couple "mint" pages without stamps (they may have been "errors"). While the cards are all on gray paper with lilac printing, I have seen one card (Scott #65-9) with green printing and possibly also with lilac printing. [Comments as of 7/09.]

I am generally interested in buying all these cards, whether listed or not.

Private Cachet FDCs: Mini Sheets

Because officially cacheted FDCs did not cost more than the stamps on them, but private cachet makers had to charge for their envelopes and service, relatively fewer privately cacheted FDCs were made and sold. However, the post office did not offer FDCs bearing full mini sheets -- only a couple private cachet makers did. Because they were costly, due to the cost of the stamps on them, relatively few were made and sold. As FDCs go, these are extremely scarce. Other than the 1979 IYC issue (of which it seems more were made), I have not seen more than one or two of each of these items since their date of issue! So far I have only recorded full mini sheet FDCs for issues in the 1979-1982 period. If you have others, please let me know. If you are seeking such items, please send your want list.

Christmas Seals National - Full Sheets

The "Official National" Christmas seals of Faroe have been officially sold by the post office. Almost all collectors of these Christmas seals collect Faroe issues as full sheets because most of the issues are multi-design. Furthermore, for most years, two perforation types exist: the top margin is either imperforate or perforated. Most collectors collect both types. There is usually little or no rarity or cost difference between the types, however, sometimes one or the other is in short supply. For this reason, **where multiple types exist, I list an additional option of "JSA choice" in which I supply whichever type I have more of and thus can offer at a slightly lower price. If you only wish to have one type and do not care which, please order this option.**

Starting in 1997, and perhaps earlier [I would like to know of any earlier booklets and any languages that I do not list], the post office created informational booklets that (sometimes) accompanied the Christmas seal sheets when purchased from the post office. The booklets were produced in up to five (or more?) languages (Faroese, Danish, German, French, and English); I have not been able to learn which languages exist for each year. Distribution of these booklets was haphazard; buyers of a single sheet often, but not always, received the booklet, but buyers of quantities of sheets usually received only one or none. In my experience, some of these booklets are clearly scarcer; of some I have only seen one or two examples. Because, as an American, my supplies over the years have been English, it seems from this perspective that English is common, however, in many overseas locations, English is probably very, very scarce.

There have been a few other earlier Christmas and charity seal issuers; I often have those in stock, please inquire. All Faroe Christmas seals (and those of all the other Scandinavian countries) are available on approval. If you have specific topical/thematic interests, please let me know.

National - Singles

The "Official National" Christmas seals of Faroe have been officially sold by the post office. Though most collectors wish to have these issues in sheets, some do want singles or sets where there are just a few designs. And some collectors want to have just on representative example of the year for multiple-design issues. Others want a particular seal for topical / thematic reasons. For multiple design issues, I give the option of a random single of my ("JSA") choice OR a "random" single of your ("CLIENT") choice. In the latter case, place your order as normal but also

describe which single(s) you wish to have; either by position (i.e. row 3, seal 2 -- on the web site look at the seal sheets web pages for position location) or by subject (i.e. "horse"). Please keep in mind that popular topics sell very quickly. **DISCLAIMER: If you want a specific position seal, I cannot guarantee availability. The "client choice" prices are for seals that I already have from broken sheets. There may be cases where I do not have the specific position seal you want, but I would consider breaking a sheet to get it; in that case, I may have to charge a higher price -- if that happens, I will quote the price for your consideration.**
