Item #	Description	Price	NH	Mint	Used
236523	3 Gray [1855 6 skilling banco] Used F-VF centered with expertly done repairs. Accompanied by 1986 Philatelic Foundation photo certificate. Wonderful looking example with light cancel and very sharp appearance. Facit 2012 value is SEK 12,000 = US\$1800 (8/2012)! Very low price for such a nice looking example.	---	---	---	475.00
233129	3 Gray (Facit #3a) [1855 6 skilling banco] Used Average centering (just barely showing part of the next stamp!) with small, hidden defects, but with an unusually light cancel. Accompanied by 1982 Franz Obermüller photo certificate. Facit 2009 value is SEK 12,000 = US\$1560 (8/09)! Very low price!	325.00	---	---	---
238116	3c Brownish Gray, Thin Paper; Facit #3d [1855 6 Skilling Banco] (#3c per Scott Classic 2014, value \$2650) Used with typical Average centering, but with expertly done repairs that most people would not be able to detect. Otherwise completely genuine. STOCKHOLM 16 April 1858 cancellation. The vast majority of #3 on the market are either damaged or repaired. Facit 2014 value for sound examples of the most common color is SEK 12,000 = \$1900 and for this scarce color, SEK 24,000 = US\$3840! A nice looking example at a very reasonable price. Accompanied by 2014 Jay Smith certificate with lifetime guarantee.	---	---	---	395.00
237718	Lx1, Facit #6a1 [1856 1 skilling Black Local] Used Fine with Superb starburst postmark. Typical centering for the issue, but with nicer than usual perforations (which are normally irregular prior to 1858). Beautifully postmarked example with very nice impression. A handsome example without any defects (due to the very thin paper, most examples are defective). Facit 2014 SEK 7500 = \$1200 for typical example.	---	---	---	625.00
237719	Lx1, Facit #6a3 [1856 3 öre (1858 printing) Black Local] Used F-VF with light starburst postmark. Typical centering for this printing. Couple minor irregular perfs as typical. Very deep color. Facit 2014 SEK 300 = \$480.	---	---	---	179.00
233120	6 Yellow Green [1858 5 öre Coat of Arms] Used VF+ with neat cancel. Very pretty.	26.00	---	---	---
233077	8 [1858 12 öre blue Coat of Arms] Mint Fine, no gum (typical), with one shortish perf. Wonderful color.	70.00	---	---	---
233078	11 [1858 30 öre Coat of Arms] Mint VF+, no gum (typical), with one slightly rounded corner perf. Beautiful example!	295.00	---	---	---
236050	11 [1858 30 öre Coat of Arms] Used F-VF with almost perfect SKENINGE 17 March 1871 cancellation. A handsome example.	---	---	---	65.00

Item #	Description	Price	NH	Mint	Used
233134	12 Rose [1858 50 öre Coat of Arms] Mint Fine+, but with only small traces of gum remaining (typical; otherwise \$500+). Great perforations, brilliant color; a beautiful stamp!	290.00	---	---	---
238227	12a Dark Carmine, "1855 Perforations" [1858 50 öre Coat of Arms] Mint VF, but without gum (typical). Great "1855" perforations (variable tooth size and blind perfs) and incredible color! (The carmine colors, Scott #12a, were perforated on an older machine with many bent or missing teeth, resulting in an irregular perforation appearance. These are referred to as "1855 perforations" in the literature. The machine was replaced in 1865.) The Facit 2015 value (with gum) for the Carmine ranges SEK 6000-8000 (12/14 US\$900-1200). Very pretty!	---	---	---	340.00
233136	12a Dark Carmine, "1855 Perforations" [1858 50 öre Coat of Arms] Mint F-VF, but only small traces of gum remaining (typical). Very attractive.	270.00	---	---	---
221423	12a, Facit #12g1 [1858 50 öre Vapen / Coat of Arms] Used VF example of the first group of the "Violet-tinged Rose" printings (color confirmed) with 25 June 1861 cancellation. Very attractive and with nice color; priced as a normal stamp.	105.00	---	---	---
221424	12a, Facit #12g1 [1858 50 öre Vapen / Coat of Arms] Used F-VF example of the first group of the "Violet-tinged Rose" printings (color confirmed) on extremely thin paper with 1871 cancellation. Unusual dull color shade for this and also unusual for a late printing to be on such thin paper. Priced as a normal stamp.	95.00	---	---	---
221425	12a, Facit #12g2 [1858 50 öre Vapen / Coat of Arms] Used F-VF+ example of the second group of the "Violet-tinged Rose" printings (color confirmed) with nearly full ENGELHOLM 1870 cancellation. A nice deep color shade for this printing. Priced as a normal stamp.	95.00	---	---	---
215350	13 Type I, Facit 14Aa [3 öre Lion, Type I, Orange Brown] Mint F-VF with partial gum remaining (full gum is quite scarce). Has very light crease that appears to have been in the paper prior to printing. Attractive and much better looking than usual! (Facit 2005 value SEK 7000 = \$980.)	325.00	---	---	---
217917	13 Type I, Facit #14A [1862 3 öre Brown Lion, Type I] Mint Fine with typical disturbed gum (examples with gum are quite scarce). Facit 2006 value is SEK 7000 = \$980! Fresh example with bright color!	390.00	---	---	---
217918	13 Type I, Facit #14Ac [1862 3 öre Brown Lion, Type I] The olive-brown printing. Mint Average centered with typical disturbed gum (examples with gum are quite scarce). Facit 2006 value is SEK 7000 = \$980! Fresh example with bright color!	225.00	---	---	---
217919	13 Type I, Facit #14A [1862 3 öre Brown Lion, Type I] Used Fine with Stockholm city delivery cancel. Facit 2006 value is SEK 5500 = \$770! A very scarce stamp.	190.00	---	---	---
217977	13 Type I, Facit #14A [1862 3 öre Brown Lion, Type I] Used Average centering, with 1863 WARBERG cancel and part of a red foreign cancellation. This stamp is scarce with cancellations other than Stockholm and extremely scarce used from covers leaving the country. Facit 2006 value is SEK 5500 = \$770! A very scarce stamp in any quality.	145.00	---	---	---
217913	13 [1863 3 öre Brown Lion, Type II] Mint F-VF+ OG, fresh with small crease. Strong color and very attractive.	39.00	---	---	---
221138	13 Type II. Used F-VF+ with Superb ES-KILSTUNA 1871 cancellation. Lower left corner perf rounded, but a beautiful stamp!	26.00	---	---	---

Item #	Description	Price	NH	Mint	Used
233143	13 Type II, Facit #14B. Plate variety "Large scallop out of left frame line above the large 3". [1862 3 öre Brown Lion, Type II] Used VF with nice, strong orange-brown color. Postmark well away from the variety.	26.00	---	---	---
236658	13 Type II, Facit #14B [1863 3 öre Lion] Used F-VF with neat cancellation. Unusual plate variety: "several breaks / white spots in top frame line, near left corner and above RIG". I have not previously seen this obvious variety or any report of it. I suspect that the cliché was quickly repaired, thus making this variety quite scarce.	---	---	---	36.00
236990	17, Facit #17a Grayish Yellow Brown on Yellowish Translucent Paper [1872 3 öre Ringtype, Perforation 14] Mint F-VF example, but without gum (as typical for this very scarce color. Facit 2012 value SEK 1000 = \$155. Seldom offered color/printing.	---	---	---	70.00
217921	18 [1876 4 öre Gray Ringtype Perforation 14] Used F-VF+ with absolutely Superb 1878 "STOCKHOLM NORR" cancellation; perfectly centered and perfectly struck. Unfortunately two corner perf tips have been expertly repaired. A stunning stamp that would otherwise sell for at least \$500.	75.00	---	---	---
233124	20 Reddish Lilac [1872 6 öre Ringtype, Perf 14] Used Superb with 1876 postmark. Fresh and bright.	60.00	---	---	---
233126	20a Ultramarine Violet, Rough Print, Facit #20c [1872 6 öre Ringtype, Perf 14] Used Fine+ with neat 1873 postmark. Wonderful color!	120.00	---	---	---
233127	20a Ultramarine Violet, Smooth Print, Facit #20c [1872 6 öre Ringtype, Perf 14] Used VF with 1873 cancellation. Great color; the smooth print is scarce.	140.00	---	---	---
238533	23b [1876 20 öre Ringtype Perf 14 DOUBLE PRINTING] Used F-VF with fully dated cancellation. Strong orange color, and best of all... clearly visible (for these) underlying yellow printing. Usually this stamp is dingy and it is hard to see the underlying printing (it is light yellow after all -- that is why they printed it again) because the printing registration is so close. This example shows obvious doubling with the yellow to the right and above the orange; clearly visible at both the top and right frame lines and in the central "20". Such obvious examples are scarce.	---	---	---	45.00
238534	24 Brilliant Orange [1872 24 öre Ringtype, Perf 14] Used VF++ with neat and attractive cancellation (scarce on this stamp). Superb overall appearance, color, and perforations. Certainly one of the nicest examples I have had in many years.	---	---	---	50.00
238535	31a Red Violet [1877 6 öre Ringtype, Perf 13] Mint F-VF+ centered, but without gum. Wonderful color and overall appearance. If had gum would be priced at \$210.	---	---	---	74.00
233430	33 Mint Fine++, original gum. Very fresh and nice with nice color and pretty good centering for this issue. This stamp is scarce in undamaged mint condition!	295.00	---	---	---
238537	33 Facit #33a Carminish Dull Red [1877 20 öre Ringtype, Perf 13] Mint F-VF centered, but without gum. Strong, distinctive red color of the first printing; completely unlike the orange-family later printings. I have just proposed a sub-number listing for this stamp to the Scott Catalog editors - I should have done it years ago. If had gum would be priced at \$360, but original gum examples are extremely scarce.	---	---	---	140.00
233464	40 [2 öre Ringtype with Posthorn on back] Used Superb with neat September 1891 (month after issue) dated postmark.	15.00	---	---	---

233467	44 Reddish Lilac [6 öre Ringtype with Posthorn on back] Used F-VF centered with perfectly centered and complete "SÖDERH-KILAFORS" 5 January 1895 RAILWAY postmark. This is a scarcer postmark and one that we seldom see nicely struck. Furthermore, this stamp is seldom seen with railway postmarks.	95.00	---	---	---	238598	202a (Greenish Blue) [1924 30 öre greenish blue UPU Congress] Mint with F-VF+ centering, excellent perforations, and great color. This major color variety is grossly under-appreciated.	---	---	97.00	---	noticeable on the right two stamps (and if removed from the block, the right two stamps would look normal). A very attractive accent piece; used blocks of the high values are seldom seen. Priced mostly for the right two stamps.	---	---	---	260.00	---
221426	47 [1886 30 öre Ringtype with posthorn on reverse] NEVER HINGED F-VF example in wonderfully fresh and bright condition. Unquestionably original gum, never hinged. This stamp is very scarce NH!	475.00	---	---	---	238600	202a (Greenish Blue) [1924 30 öre greenish blue UPU Congress] Mint with F-VF centering and great color. This major color variety is grossly under-appreciated.	---	---	74.00	---	238634	226 [1924 2 kr UPU Anniversary] Mint with VF centering, huge margins, and excellent perforations. Well centered examples of this stamp, with such nice perforations, are very unusual! Wonderfully fresh!	---	---	155.00	---
236657	48 Colors [1886 50 öre Ringtype, with posthorn on back] Group of 7 used stamps, all VF or better centered, with all-different colors/shades and/or papers. The star of this group is a VERY UNUSUAL "SOOTY CARMINE" that I cannot recall previously seeing -- the color does not match any catalog listing I know of and is not represented in the color page from the 1970s/1980s SFT. It is probably a variation of Facit #48e Dark Violetish Carmine, but it is quite unusual.	---	---	---	55.00	238602	203 [1924 35 öre UPU Congress] Mint with XF centering and perfect perforations. Excellent example!	---	---	28.00	---	238635	226 [1924 2 kr UPU Anniversary] Mint with VF centering, huge margins, and plate join line at top. Well centered examples of this stamp are hard to find.	---	---	145.00	---
233469	50 [1889 10/12 Surcharge] NH top margin 16-block. Centering ranges from Fine to F-VF. Upper left stamp has defect, but looks great. Lots of "spots and dots" varieties in the surcharges. Fresh! Price at break-up value.	65.00	---	---	---	238607	210 [1924 2 kr UPU Congress] Mint with XF centering, huge margins, perfect perforations, and rich color. The 2 kr is particularly scarce with nice centering and perforations. Excellent example.	---	---	160.00	---	237814	226 [1924 2 kr UPU Anniversary] Mint F-VF+, lightly hinged. Fresh and bright, with excellent perforations.	---	---	98.50	---
235109	63 [1891 50 öre Blue-Gray Oscar] Mint, lightly hinged, with Superb centering and deep, rich color. This stamp is extremely scarce in such nice quality.	---	---	---	170.00	238608	211 [1924 2 kr UPU Congress] Mint with XF centering, huge margins, perfect perforations, and rich color. The 2 kr is particularly scarce with nice centering and perforations. Excellent example.	---	---	240.00	---	238636	226 [1924 2 kr UPU Anniversary] Mint, lightly hinged, with F-VF centering, huge margins, and excellent perforations. Wonderfully fresh!	---	---	125.00	---
237489	64 [1904 50 öre Olive Gray Oscar] Used F-VF with nice centered UPSALA 3 December 1909 postmark. Attractive.	---	---	---	3.50	237488	211 [1924 5 kr UPU Congress] Used F-VF+ with neat, light cancellation. Intense color; very attractive. 2013 Facit value SEK 4000 = US\$640.	---	---	520.00	---	238637	227 [1924 5 kr UPU Anniversary] Mint, lightly hinged, with Fine centering, huge margins, and perfect perforations. Wonderfully fresh! It is very unusual to be able to offer this key stamp at such a low price.	---	---	185.00	---
237487	66 [1903 5 kr Post Office] Used VF+ with nicely centered LANDSKRONA 31 March 1910 postmark. Wonderful example; this stamp is scarce with nice cancels.	---	---	---	40.00	231858	212 [1924 5 kr UPU Congress] Mint with Fine+/F-VF centering, large margins, perfect perforations, and wonderful color. The 5 kr is particularly scarce with such nice perforations. Excellent example.	---	---	235.00	---	231860	226 Used with Superb centering and extraordinarily unusual 12 December 1924 OVAL CANCEL "POSTKONTORET / GÖTEBORG 1 PAK". This is a parcel post postmark, but it was rarely struck on stamps; I can only recall seeing a couple other examples struck on stamps and certainly none on UPU issue stamps. The stamp itself is an excellent example, but the postmark is much scarcer than the stamp!	---	---	225.00	---
235115	153 KPV Watermark, Facit #168bz [1921 1 krona Crown and Posthorn] Used VF PAIR with very clear (without fluid) KPV watermark. Facit 2011 value is SEK 650 = \$105 [4/11] PER STAMP. Nicely centered pairs are seldom offered.	---	---	---	190.00	217217	216 [1924 5 kr UPU Congress] Used F-VF+ with neat, light cancellation. Intense color; very attractive. 2013 Facit value SEK 4000 = US\$640.	---	---	520.00	---	237815	227 [1924 5 kr UPU Anniversary] Mint, lightly hinged, with Superb centering and extra-ordinarily unusual 12 December 1924 OVAL CANCEL "POSTKONTORET / GÖTEBORG 1 PAK". This is a parcel post postmark, but it was rarely struck on stamps; I can only recall seeing a couple other examples struck on stamps and certainly none on UPU issue stamps. The stamp itself is an excellent example, but the postmark is much scarcer than the stamp!	---	---	220.00	---
235116	156 [192 120 öre Gray-Black Crown and Posthorn] Mint, lightly hinged, with Superb centering. Wonderfully fresh.	---	---	---	75.00	231858	212 [1924 5 kr UPU Congress] Mint with Fine+/F-VF centering, large margins, perfect perforations, and wonderful color. The 5 kr is particularly scarce with such nice perforations. Excellent example.	---	---	235.00	---	238588	229 [1931 5 kr Stockholm Royal Palace] Mint, Superb centering and nearly perfect perforations (just one tooth slightly nibbed; much, much better than usual). Examples with such nice centering are scarce.	---	---	119.00	---
235118	160 KPV Watermark, Facit #156cxz [1922 35 öre Crown and Posthorn, Wavy-Line AND KPV watermarks] Used VF with clear wavy-line and KPV watermarks. Facit 2011 value is SEK 600 = \$95 [4/11]. Nicely centered examples are scarce.	---	---	---	80.00	217217	216 [1924 5 kr UPU Congress] Used F-VF+ with neat, light cancellation. Intense color; very attractive. 2013 Facit value SEK 4000 = US\$640.	---	---	520.00	---	238590	229 [1931 5 kr Stockholm Royal Palace] Used VF+ with excellent perforations and Superb SÖDERTÄLJE 14 June 1935 cancellation. Because this issue was most often used on money letters (which have irregular thickness) and parcel cards, perfectly struck cancellations are extremely scarce. An outstanding example; certainly one of the nicest I have had in 42 years.	---	---	45.00	---
235119	160 KPV Watermark, Facit #156cxz [1922 35 öre Crown and Posthorn, Wavy-Line AND KPV watermarks] Used VF with fully dated 20 March 1925 cancellation and clear wavy-line and KPV watermarks. Facit 2011 value is SEK 600 = \$95 [4/11]. Nicely centered examples are scarce.	---	---	---	90.00	238627	216 [1924 20 öre UPU Anniversary] Mint, lightly hinged, with Superb centering and huge margins. While basic examples of this stamp are not scarce, such nice examples are quite unusual.	---	---	28.00	---	238591	229 [1931 5 kr Stockholm Royal Palace] Used Superb with excellent perforations and well-centered KÄVLINGE 8 June 1934 small village cancellation. Because this issue was most often used on money letters (which have irregular thickness) and parcel cards, well centered cancellations and those from small villages are scarce. An excellent example.	---	---	28.00	---
238543	188, Facit #195 [1925 145 öre Gustaf V left profile] Mint Superb, very lightly hinged and with unusually nice perforations and large margins. Extraordinary! Seldom seen so nice.	---	---	---	14.00	237375	222 [1924 50 öre UPU 50th Anniversary] Mint VF+ with enormous margins. Wonderful example with excellent perforations.	---	---	55.00	---	238594	229 [1931 5 kr Stockholm Royal Palace] Used Superb with excellent perforations and well-centered KÄVLINGE 8 June 1934 small village cancellation. Because this issue was most often used on money letters (which have irregular thickness) and parcel cards, well centered cancellations and those from small villages are scarce. An excellent example.	---	---	28.00	---
238597	202 [1924 30 öre blue UPU Congress] Mint with absolutely Superb centering and enormous JUMBO margins, and perfect perforations. While basic examples of this stamp are not scarce, the combination of superb centering, jumbo margins, and perfect perforations is rare! This must be the nicest example I have had in 42 years.	---	---	---	48.00	238629	224 [1924 80 öre UPU Anniversary] Mint, lightly hinged, with VF centering, large margins, and perfect perforations. While basic examples of this stamp are not scarce, such nice examples are quite unusual. The 80 öre in particular is harder to find with nice centering.	---	---	46.00	---	238595	229 [1931 5 kr Stockholm Royal Palace] Used Superb with excellent perforations and well-centered KÄVLINGE 8 June 1934 small village cancellation. Bargains

These bargain-priced stamps are attractive, but most have lesser centering or perhaps hidden flaws. You can save a tremendous amount of money when you add such stamps to your collection. Each stamp is one of a kind, so please let me know if I may substitute a different example (that looks as good or better, for the same cost) if the stamp you order has sold. If you have any doubts, all are available for approval viewing. This is just a small sampling, thus if you are seeking stamps of this quality and price level from any of the Scandinavian countries, just send along your want list -- I will be happy to send bargains on approval. Scott numbers have been used unless otherwise stated.

238227	12a Dark Carmine, "1855 Perforations" [1858 50 öre Coat of Arms] Mint VF, but without gum (typical). Great "1855" perforations (variable tooth size and blind perfs) and incredible color! (The carmine colors, Scott #12a, were perforated on an older machine with many bent or missing teeth, resulting in an irregular perforation appearance. These are referred to as "1855 perforations" in the literature. The machine was replaced in 1865.) The Facit 2015 value (with gum) for the Carmines ranges SEK 6000-8000 (12/14 US\$900-1200). Very pretty!	---	---	340.00	---

The Facit 2014 value for a sound example is SEK 3000 = US\$ 480 for normal centering such as this. (Facit states that a 100% premium should be added for VF centering.) A key stamp missing from almost all collections and seldom offered at such a low price.	---	---	---	110.00
237714	J18a (Bluish Violet) [1877 24 öre Postage Due, Perf 13; 1884 Printing] Mint VF, either regummed or disturbed gum. Very fresh looking. Otherwise \$30 for this nice centering.	---	---	---	13.50
237715	J19 GRAY VIOLET [1877 24 öre Postage Due, Perf 13; 1882 Printing] NEVER HINGED with Average centering. Very fresh with very unusual deep color. This stamp is almost always poorly centered; this centering is fairly typical. Facit 2014 NH value for typical centering (which this is for this stamp) is SEK 4500 = \$720. This scarce major-number color-difference stamp is missing from the vast majority of collections in any quality or centering; NH examples are extremely scarce!	---	---	---	295.00
238105	Lx1 [1856 1 skilling / 3 öre Black Local] Used with Fine+ centering and usual star and rays cancellation, but horizontal tear all the way across the bottom third of the stamp; reattached with paper on back. Otherwise nice looking for this stamp. Is a reasonable space filler at a tiny fraction of the 2014 Facit value of around \$480!	---	---	---	38.00
235730	O23 Type II, Facit #TJ22B [1892 50 öre Official, Perf 13, Broken frame line above S of SVEERGE] Mint with F-VF centering, but tiny thin spot. Very fresh and attractive. Great price.	---	---	---	55.00

236684	58 [1891 10 öre Engraved Oscar] (VF) on 14 August 1908 picture post card (photo scene from town of Säfsjö) to the U.S., with RAILWAY cancellation "PKXP. No 2 A. INR. U.", Danish transit postmark (unusual on mail to the U.S.), and red U.S. New York "DEFICIENCY / IN / ADDRESS / SUPPLIED / BY / NYPO - I.D." handstamp. The so-called deficiency is that somebody could not read "Mass" as the state, even though it was right there. What makes this card especially interesting is that it is a HAND-DRAWN DIVIDED BACK card. Prior to 1 October 1907 divided back cards to the U.S. were charged at the letter rate. This sender was utilizing an earlier undivided-back card, dividing the back so that a message could be written without obscuring the picture on the other side. I do not recall previously seeing a Swedish hand-drawn divided-back card. This is an important type of item in the time line of the postal history of Swedish post cards.	25.00

215373	Scott #77 (F-VF) on (1914?) wrapper front from UDDEVALA to France, and then forwarded to Belgium (seemingly without additional postage). Green LÖSEN postage due label with 5 öre value written in. The sender may have been meaning to send as printed matter, but the envelope was sealed, thus the Danish 10 öre rate applied. 233492	297, 297a, 297a/297 BC PAIR [1939 10 öre Berzelius, chemist] on 25 December (Christmas Day) 1939 cover from ÖRTOFTA to London, England, via airmail. Correct 40 öre franking. Though this cover does not show signs of censorship, England was already at war with Germany and thus anticipating censorship, the sender noted "In English" on the reverse. The single #297a sells for around \$20 OFF cover and the BC pair around \$300 OFF cover. On cover the BC pair is extremely scarce. The fact that the entire franking is paid with the same stamp design makes it all the more important as a CHEMISTRY THEMATIC cover. This must be the nicest Berzelius cover I have had in 36 years!	350.00
224721	1941 Forbidden ("förbjuden") censored Mint photographic picture post card montage picturing bridges, locks, dams, and power station in the Trollhättan area. In the WWII era, the Swedish Defense Department censored picture post cards (as was the case in most countries, but it is not well known). Vital potential strategic targets (especially bombing targets) were not allowed, especially subjects such as dams, bridges, locks, industrial and power facilities, railway yards, etc. In the examples I have seen, a blue handstamp including the text "tillåten" was applied to "allowed" cards and a red handstamp including the text "förbjuden" was applied to "forbidden" cards; forbidden cards seem to be quite unusual (most publishers were wiser than to try to submit them). These markings were probably only applied to proofs submitted by the card publishers and thus are probably unique for each card. Closely related to postal censorship and a little known aspect of postal history.	45.00

With extremely bold receiving text-machine cancellation making this a very dramatic looking cover. Lwów has a long and interesting history: signs of human habitation going back 12,000 years; many wars and occupations; returned to Poland after WWI; 1939 occupied by Soviets; 1941-44 occupied by Germans; 1945 ceded by Poland to the USSR, became part of the Ukrainian SSR (as Lvov); 1991 Ukraine became independent, name changed to Lviv.	16.00

rectly franked 140 öre: 30 öre surface rate plus 55 öre per 5 grams airmail surcharge. The 120 öre stamp is rare on correctly franked covers / envelopes; the stamp is usually seen on overfranked envelopes or on parcel cards. (There is no known solo usage rate for this stamp. A cover such as this is as close as one can get to a solo usage.) This letter would have likely been carried by the British secret night flights to Scotland; it may have also still been in transit on December 7, 1941 at the time of the Pearl Harbor attack; it is unusual that it does not bear any British censor markings. The cover is missing the back flap, but this is probably the nicest correctly franked on-envelope usage I have had in many, many years. 180.00

Postage Due

Item # Description Price

215374 Sweden #77 (VF) [1911 5 öre Gustav in Round Frame] paying postage due on underpaid 1916 cover from Denmark, franked with Denmark #97 [1913 5 öre Christian X] to TYRINGE, Sweden. Green LÖSEN postage due label with 5 öre value written in. The sender may have been meaning to send as printed matter, but the envelope was sealed, thus the Danish 10 öre rate applied. Such postage due uses are not often offered. 35.00

235918 J15 [1922 10 öre Green Postage Due] (VF) tied by 26 July 1922 KJØBENHAVN cancellation on 24 July picture post card posted aboard the Swedish naval ship H.M.S. SVERIGE (apparently near Båstad, Sweden, at the time). There appears to have been a stamp affixed and canceled at lower right, but it must have quickly come off; there is a Swedish octagonal-boxed "T." handstamp, a blue manuscript Danish "10", and the Danish postage due stamp. If there had been a stamp that had fallen off, this should not have been rated as postage due. 39.00

Swedish rounded-box "T" handstamp, blue manuscript Danish "10", and the Danish postage due stamp. The correct postage rate was 15 öre, thus the shortage was doubled. 44.00

235922 J18 [1930 20 öre Gray Postage Due] (VF) tied by 31 August 1932 KØGE cancellation on 31 July seemingly unpaid (a stamp could have fallen off) picture post card (Kärnan tower in Hälsingborg, Sweden). No Swedish postage due markings, thus was probably mailed on the ferry or train between Hälsingborg, Sweden, and Helsingør, Denmark. Blue manuscript Danish "20 T", and the Danish postage due stamp. 39.00

Official Stamps - Large Format

Item # Description Price

201931 O20 (VF) [20 öre Blue perf 13 Official] on 1906 cover to the U.S. A remarkable INCORRECT AND/OR ILLEGAL USAGE of a Swedish Official stamp. These stamps were not valid on mail outside of Sweden (except sometimes to Denmark or Norway). The address and handwriting shows every indication of being "emigrant mail". Also there is no return address and the Halmstad Lbr cancellation indicates that the letter was deposited in an letter box, typical for emigrant mail. There are stick-pin holes in the cover and a manuscript number in the lower left corner, perhaps suggesting that it was attached to paperwork as part of an investigation of the mailing. Much emigrant mail of the era was sent unpaid (without return address) because the American cousins could supposedly better afford to pay the postage. Quite remarkable and the only such example I have seen in 29 years. 135.00

Unobtrusive tear at top, away from the stamp. 215377	80 (VF) [1911 10 öre Gustav in Round Frame] on neat 1911 ship cover with ÅNGBÅTS PXP No 114 ship cancel (confirmed by illustration on page 81 of Ångbåtspost, by MacFie), to HORN, with clear receiver on reverse.	30.00

SVERIGE (apparently near Båstad, Sweden, at the time). There appears to have been a stamp affixed and canceled at lower right, but it must have quickly come off; there is a Swedish octagonal-boxed "T." handstamp, a blue manuscript Danish "10", and the Danish postage due stamp. If there had been a stamp that had fallen off, this should not have been rated as postage due.	39.00
235913	Iceland #117 [1920 15 aur Christian X, still in active use at the time] (F-VF) on 7 July 1934 Icelandic picture post card (real photo of Leif Ericsson statue) mailed aboard and WITHIN the SWEDISH cruise ship M/S Kungsholm, as it crossed the Arctic Circle, presumably after most recently having visited Iceland. Small spot near top. Canceled and handstamped with the seemingly full range (five different) of the official postal cancellations and handstamps available in the ship post office. Though I have handled hundreds of Kungsholm covers mailed at sea around the world, this is the first in 38 years that I can recall being mailed WITHIN the ship and probably one of less than five that have borne Icelandic stamps or markings.	150.00

KJØBENHAVN (Denmark) October 1920 cancellation. While Danish cancellations (from incoming ship and train mail) on Swedish stamps are not scarce, by 1920 they were much less common and are extremely scarce on this stamp design.		12.00	---	---
238621	209 [1924 1 kr UPU Congress] Used with VF centering and almost perfectly centered NORR-KÖPING cancellation, but a few blunted perfs at top and a thin speck on one perf tooth. Otherwise would be at least \$120 with such nice centering and postmark.	---	---	32.00
238622	209 [1924 1 kr UPU Congress] Used with VF+ centering and nice special STOCKHOLM UNIVERSAL POSTAL UNION 25 August 1924 cancellation. Has a couple blunted perfs and small thin. Appears to be a genuinely postally used example of the special UPU cancellation -- seldom seen on the high values (or really any values).	---	---	39.00
238645	224 [1924 80 öre UPU Anniversary] Used with Superb centering, enormous margins, and excellent perforations, except for one pulled perf. Nice HOGANÅS cancellation. Very attractive.	---	---	13.00
231860	226 Used with Superb centering and extraordinarily unusual 12 December 1924 OVAL CANCEL "POSTKONTORET / GÖTEBORG 1 PAK". This is a parcel post postmark, but it was rarely struck on stamps; I can only recall seeing a couple other examples struck on stamps and certainly none on UPU issue stamps. The stamp itself is an excellent example, but the postmark is much scarcer than the stamp!	---	---	225.00
238590	229 [1931 5 kr Stockholm Royal Palace] Used VF+ with excellent perforations and Superb SÖDERTÄLJE 14 June 1935 cancellation. Because this issue was most often used on money letters (which have irregular thickness) and parcel cards, perfectly struck cancellations are extremely scarce. An outstanding example; certainly one of the nicest I have had in 42 years.	---	---	45.00
238591	229 [1931 5 kr Stockholm Royal Palace] Used Superb with excellent perforations and well-centered KÄVLINGE 8 June 1934 small village cancellation. Because this issue was most often used on money letters (which have irregular thickness) and parcel cards, well centered cancellations and those from small villages are scarce. An excellent example.	---	---	28.00
237718	Lx1, Facit #6a1 [1856 1 skilling Black Local] Used Fine with Superb starburst postmark. Typical centering for the issue, but with nicer than usual perforations (which are normally irregular prior to 1858). Beautifully postmarked example with very nice impression. A handsome example without any defects (due to the very thin paper, most examples are defective). Facit 2014 SEK 7500 = \$1200 for typical example.	---	---	625.00
217957	O8 [1874 24 öre Official, Perf 14] Used VF+ with VF+ WEXIÖ cancellation. Attractive!	---	---	42.00
238313	Finland Scott #22 Carmine [1879 25 penni perf 11] Used with F-VF centering and bearing VF (sideways) SWEDISH 6 September 1881 "STOCKHOLM K.E." incoming ship mail cancellation. A very nice example!	---	---	24.00

238116	3c Brownish Gray, Thin Paper; Facit #3d [1855 6 Skilling Banco] (#3c per Scott Classic 2014, value \$2650) Used with typical Average centering, but with expertly done repairs that most people would not be able to detect. Otherwise completely genuine. STOCKHOLM 16 April 1858 cancellation. The vast majority of #3 on the market are either damaged or repaired. Facit 2014 value for sound examples of the most common color is SEK 12,000 = \$1900 and for this scarce color, SEK 24,000 = US\$3840! A nice looking example at a very reasonable price. Accompanied by 2014 Jay Smith certificate with lifetime guarantee.	---	395.00

1856-1862 Black and Brown Locals

Item #	Description	Price	Used
237718	Lx1, Facit #6a1 [1856 1 skilling Black Local] Used Fine with Superb starburst postmark. 234798	8 Light Greenish Blue [1858 12 öre blue Coat of Arms] Mint F-VF+ but with thin and no gum. Interesting plate varieties in the bottom panel. Uncanceled examples of any of the Greenish Blue colors are quite unusual.	75.00	---	---
236050	11 [1858 30 öre Coat of Arms] Used F-VF with almost perfect SKENINGE 17 March 1871 cancellation. A handsome example.	---	---	65.00
233134	12 Rose [1858 50 öre Coat of Arms] Mint Fine+, but with only small traces of gum remaining (typical; otherwise \$500+). Great perforations, brilliant color; a beautiful stamp!	290.00	---	---
238227	12a Dark Carmine, "1855 Perforations" [1858 50 öre Coat of Arms] Mint VF, but without gum (typical). Great "1855" perforations (variable tooth size and blind perfs) and incredible color! (The carmine colors, Scott #12a, were perforated on an older machine with many bent or missing teeth, resulting in an irregular perforation appearance. These are referred to as "1855 perforations" in the literature. The machine was replaced in 1865.) The Facit 2015 value (with gum) for the Carmines ranges SEK 6000-8000 (12/14 US\$900-1200). Very pretty!	---	---	340.00
233136	12a Dark Carmine, "1855 Perforations" [1858 50 öre Coat of Arms] Mint F-VF, but only small traces of gum remaining (typical). Very attractive.	270.00	---	---

217919	13 Type I, Facit #14A [1862 3 öre Brown Lion, Type I] Used Fine with Stockholm city delivery cancel. Facit 2006 value is SEK 5500 = \$770! A very scarce stamp.	190.00	---
217977	13 Type I, Facit #14A [1862 3 öre Brown Lion, Type I] Used Average centering, with 1863 WARBERG cancel and part of a red foreign cancellation. A very scarce stamp in any quality.	145.00	---
217913	13 [1863 3 öre Brown Lion, Type II] Mint F-VF+ OG, fresh with small crease. Strong color and very attractive.	39.00	---

236658	13 Type II, Facit #14B [1863 3 öre Lion] Used F-VF with neat cancellation. Unusual plate variety: "several breaks / white spots in top frame line, near left corner and above RIG". 236990	17, Facit #17a Grayish Yellow Brown on Yellowish Translucent Paper [1872 3 öre Ringtype, Perforation 14] Mint F-VF example, but without gum (as typical for this very scarce color. Facit 2012 value SEK 1000 = \$155. Seldom offered color/printing.	---	70.00	---
217921	18 [1876 4 öre Gray Ringtype Perforation 14] Used F-VF+ with absolutely Superb 1878 "STOCKHOLM NORR" cancellation; perfectly centered and perfectly struck. 238533	23b [1876 20 öre Ringtype Perf 14 DOUBLE PRINTING] Used F-VF with fully dated cancellation. Strong orange color, and best of all... clearly visible (for these) underlying yellow printing. Usually this stamp is dingy and it is hard to see the underlying printing (it is light yellow after all -- that is why they printed it again) because the printing registration is so close. This example shows obvious doubling with the yellow to the right and above the orange; clearly visible at both the top and right frame lines and in the central "20". Such obvious examples are scarce.	---	---	45.00

238536	32, Facit #32v5 "Shaded Numerals" [1877 12 öre Ringtype, Perf 13] Mint Fine centered, but without gum. Clearly visible shading in "1" of "12". Wonderful deep color. If had gum would be priced at \$45.	---	18.00
238537	33 Facit #33a Carminish Dull Red [1877 20 öre Ringtype, Perf 13] Mint F-VF centered, but without gum. I have just proposed a sub-number listing for this stamp to the Scott Catalog editors - I should have done it years ago. If had gum would be priced at \$360, but original gum examples are extremely scarce.	---	140.00

236657	48 Colors [1886 50 öre Ringtype, with posthorn on back] Group of 7 used stamps, all VF or better centered, with all-different colors/shades and/or papers. The star of this group is a VERY UNUSUAL "SOOTY CARMINE" that I cannot recall previously seeing -- the color does not match any catalog listing I know of and is not represented in the color page from the 1970s/1980s SFT. It is probably a variation of Facit #48e Dark Violetish Carmine, but it is quite unusual.	---	55.00

238633	225 [1924 1 kr UPU Anniversary] Used VF right-marginal 4-BLOCK with neat light central cancellation, large margins, and excellent perforations. The left two stamps have noticeable gum-soak staining (the gum soaked into the paper, making it slightly translucent); this is only barely noticeable on the right two stamps (and if removed from the block, the right two stamps would look normal). A very attractive accent piece; used blocks of the high values are seldom seen. Priced mostly for the right two stamps.	---	260.00	---
231860	226 Used with Superb centering and extraordinarily unusual 12 December 1924 OVAL CANCEL "POSTKONTORET / GÖTEBORG 1 PAK". Postage Paid Stamps

In early 2003, with very little public notice, the Swedish post office created a new type of Swedish stamp, the "Porto Betalt" or Postage Paid stamp. While post offices officials do not use the word "stamp" to describe these stamps, to collectors they are stamps. Two stamps were issued to be used by companies having a "special agreement" with the post office. I have not been able to obtain the details of such agreements nor the exact rules for the use of the stamps. The stamps are intended to be used by companies making mass mailings (the American term is Bulk Mail or Advertising Mail). The concept is that if a stamp is applied to the envelope, the recipient will be more likely to open the envelope and read the advertising. The United States uses similar types of stamps that have a nominal cost with the majority of the postage being paid in cash according to count and weight; such United States stamps are listed in the Scott Catalog and are collected as "normal" stamps. It is not known to philatelists if further stamps will be issued. These first two stamps were presumably made available to large mailers in full rolls (size unknown to me). However, the post office also, relatively quietly, made them available to collectors as a set of two strips of five; singles were not made available. I have not recorded any units larger than a 5-strip. The

stamps do bear the name of the post office, "Posten Sverige AB", but not the name of the country, "Sverige", in the usual form found on "normal" postage stamps. The stamps may not be used by individuals or anybody without a "special agreement" with the post office. Any such use would be an "illegal use", however, I have already recorded one cover, used by an individual, that passed through the mail at first uncanceled and then canceled by the receiving post office. I have yet to see an advertising mail cover bearing one of these stamps. Add these stamps to your collection while they are still available at reasonable prices. **The best buy is the set of two stamps;** the prices of the individual items are different due to topical demand for the Lighthouse stamp and the fact that the stamps were only made available to collectors as sets.

Frama And Klussendorf Machine Stamps

Sweden issued machine stamps from 1991 through 1997. The 1991-92 Machine Stamps were dispensed from three machines manufactured by the Swiss-based Frama company, thus the name FRAMA stamps. Starting in December 1992 the Frama machine were replaced by 200 German-made Klussendorf machines. These are real postage stamps, not meters or labels. They were and still are valid from any location in Sweden, at any time, by any mailer. (Unlike meter imprints which are only valid from the location and on the date imprinted, by the licensed user.) These Swedish machines were variable denomination (not fixed rate), but these stamps are customarily collected in "rate sets", as issued by the post office philatelic department, which were the most commonly used postage rates of each period.

219467	2000 Stamp Year Pack: (Includes the 1999 end-of-year Millennium issue) VF	107.50
219003	+ 2000 Slania 1000th Stamp issue. Scott #2374. For his thousandth stamp, Slania chose to engrave a stamp for Sweden that would also supposedly be the largest regular postal stamp in the world. The blackprint of this wonderful issue was only offered in a folder / pack that also contains the mint stamp (souvenir sheet) and the official first day cover. Year Books

Official year books are handsome hardbound books that contain the stamps issued during the year as well as dozens of wonderful photographs and illustrations and interesting and informative text about the stamp issues and the country. The text is usually in multiple languages; unless otherwise stated, full English text is included. Sweden official year books have been issued since 1987-88. From the start until the 2003-2004 book, each book contains the stamps from mid-year through mid-year. Starting with the 2005-titled book, the books contain the stamps of the calendar year.

Line Pairs

This section is not complete; many other mint and used line pairs are in stock and available on approval. Please inquire.

From 1920-1936, Sweden used a Stickney printing press; the same type of press used in the United States in the 1920s. The rotary Stickney press utilized two half-cylinders; lines result between the stamps at the two joins between these halves. These lines are found on both the coil and sheet (or booklet) stamps in the range Scott #115-263, #B32-36, and #C6-7. On the 1924 UPU stamps (#197-228) lines are seen on single stamps, but they are not found as pairs due to the sheet layout. Though they are not widely collected in Sweden itself, line pairs are avidly sought by collectors and they are quite difficult to find in nice condition.

Postal Cards 1995-1996

This section is not complete, however, all mint and most FD-canceled postal cards from this time period (and mint, used, and FD-canceled postal stationery from all time periods) are in stock. Please send your want list and/or a description of your interests. All items are available for viewing on approval.

Facit numbers have been used unless otherwise indicated. The 2004 Facit catalog is the most recent edition to list Swedish postal stationery; I still have a few copies in stock specifically for this purpose. The Facit listings of the 1992-1998 Postal Museum postal cards are not totally complete; if you need information on what exists, let me know.

	Postal Card Facit #89a 1995 Motorcycle Riders [scene from Anglagard (House of Angels) Swedish movie; this design was used on the 1995 Film stamp Scott #2141]. The picture side includes two stamp designs from the 1981 Film souvenir sheet (Scott #1386): Greta Garbo in Gösta Berlings Saga and a scene from Intermezzo. The other two designs are from the 1995 Films booklet: Scott #2141 and #2143 The Apple War. Only 2000 of these cards were printed! Extremely scarce! As of 1/1/2006, I have never seen any cards of this issue offered for sale.

209598	Postal Card Facit #89a 1995 Motorcycle Riders. Canceled 12 October 1995, the first day of the exhibition, with the exhibition postmark. Though supposedly issued on 7 October, I have never seen a cancel earlier than 12 October and I believe it to be the actual FD cancellation. VF. 25.00	

Postal Card Facit #89b 1995 Greta Garbo in Gösta Berlings Saga. The indicia is from the 1981 souvenir sheet, Scott #1386. The picture side includes two stamp designs from the 1981 Film souvenir sheet (Scott #1386): same as the indicia and a scene from Intermezzo. The other two designs are from the 1995 Films booklet: Scott #2141 Anglagard (House of Angels) and #2143 The Apple War. These cards were valid for domestic postage (the PORTO BETALT [postage paid] in the indicia). However, as the cards were intended to also be valid for international usage, some were handstamped PORT PAYÉ (normally in violet, but black also exists) to comply with UPU regulations. **Only 6000 "exhibition invitation" cards were printed and the vast majority were immediately mailed to the members and guests of the Postal Museum to announce the exhibition. I doubt that more than a few hundred, if that many, unmailed (i.e. mint or FD canceled) remain in existence. Furthermore, perhaps half the**

remaining cards were handstamped PORT PAYÉ. Extremely scarce in any form! As of 1/1/2006, I have never seen any cards of this issue offered for sale. The handstamping was done by the office and shop staff at the Postal Museum; just government employees, not "regular" postal staff or philatelists, thus they may not have realized the implication of the handstamp being done in a different color (it was normally violet) to say nothing of doubled or inverted! RARE!

Though the card was supposedly issued 21 September (presumably the date mailed to the Museum membership), I have never seen a cancel earlier than 12 October [the post office typically did/does not postmark mailings that use a "porto betalt" indicia] and thus I believe the 12 October cancellation to effectively be the first day cancellation. I would be surprised if more than 100 of these canceled cards ever existed. VF. 30.00

Officially Printed Post Cards

This section has not been fully implemented. However, most officially printed stamp cards and many other types of officially printed post cards (i.e. the many types that do not actually picture stamps) are in stock. For the best service, please send your want list or describe your interests.

Stamp cards are picture post cards that picture stamps, usually officially printed; they often serve as a foundation for making maximum cards. Most are highly topical and sought after along with the stamp issues; many stamp cards have been issued for Slania-engraved stamps. There is also a broader category of officially printed picture/message post cards released by the post offices for several different purposes. Sweden has many such officially printed cards. The last catalog of Swedish stamp cards (actually picturing stamps) was a special stamp card catalog produced by Facit in 1985. Stamp cards and all the other types of cards were cataloged in 1982 (with a 1983-84 supplement) by Weiss and Öberg: Förteckning över Postverkets Vykort t.o.m. 1982. Both of these catalogs are in stock and available for purchase.

Souvenir Cards and Sheets

Collector Sheets: Stamps

Sweden started issuing collector sheets (samlarbladet) in 1991. They have very attractive, artistic designs and include a set of mint, never hinged, stamps in clear stamp mounts. Very few dealers stock the collector sheets and it can be extremely difficult to obtain specific issues.

Scott numbers have been used unless otherwise indicated. The listings are in order by issue date of the stamps, not by Scott number.

Due to the size of collector sheets (210 x 295 mm, 8.25 x 11.6 inches), additional packing is required for proper protection in the mail. Smaller orders may be subject to an additional postage charge.

Proofs

Gustav V in Round Frame

Swedish proofs are generally very scarce and are seldom offered. Whether they are used to add "spice" to a collection or to document the development of a stamp issue, they are quite interesting, attractive, and difficult to obtain.

Scott numbers (of the basic stamps) have been used unless otherwise indicated. All items are available for viewing on approval.

This was probably a color trial proof -- the color appears to be that of the issued 15 øre stamp. A spectacular item! 160.00

Test Stamps

Test Stamps (also called Dummy Stamps in the U.S.) are created by post offices, stamp printers, and printing press manufacturers to test printing and production processes and machines. While a few test stamps have had extensive philatelic distribution, most were never intended to be known to collectors and are very scarce. Some test stamps exist in both common mass-produced and philatelically distributed versions and also visually different "real use" versions that range from unusual to scarce to rare. New discoveries continue to be made.

The first Swedish test stamps of which I am aware date from the mid-to-late 1930s and include the well-known 1937 "Miranda" design (used at least up into the 1970s or early 1980s).

Early designs also include the 1935 60 øre Riksdagen and the 1936 5 øre Postal Service issues, using defaced dies and overprinted "MUSTER"; and the 1941 St. Bridget using a defaced die. The 1960s and 1970s-1980s designs include the well-known "Uppsala Cathedral" interior by engraved by SLANIA. Lesser-known modern designs include "Snurran" (rotating design), "Classic Bust" by Jorpes, the "Postman", "Drottningholm Theater" engraved by Jakus, and a "PFA" design engraved by Jorpes combined with a geometric designs stamp in a combination plate. Though not all of these designs are yet included on the website, I do have many of them in stock and available for approval viewing.

All test stamp items, whether or not listed on the website, are available for viewing on approval. I have a constantly changing stock of Swedish and all Scandinavian essays, proofs, reprints, specimens, and test stamps. Most such items sell before they get to the website or price lists. Private Reprints

Private reprints have not been authorized by the post office. They are usually made by stamp clubs. The Swedish Philatelist Forbund (SFF), at the time the publisher of the SFF Catalog which was merged into the Facit Catalog, and then for a short time, the Facit publisher, printed small "reprint" sheetlets containing one stamp reproduction. The "stamp" bore either a backprint or a perfin.

Blackprints

All are NH, VF and fresh as officially issued.

Since 1974, or perhaps earlier (?), Sweden has issued a surprising number of "proof prints" commonly called "black prints", "color prints", or in some cases referred to by the post office as, "test stamps".

These items are officially produced by the post office for a number of uses and generally find their way to collectors, though usually in very limited distribution. Often they are only available one-to-a-person or are included in a larger, more costly item such as a year book and thus one has to buy the entire year book just to get this special item.

In most cases, the "proof prints" from Sweden have been made using the engraved portions of issued stamps. They are usually imperforate, printed in one color (different than the issued stamp), and often do not include any denomination or country name. Many of these "proof prints" are of Slania-engraved issues.

Most items are only available in very limited numbers. If you know of items that are not included in this listing, please share the information with me. (I am also a buyer of this type of material.)

In 1995 the Swedish Postal Museum published an article reprint the form of a 40-page book: Postens Frimärks Tryckeri Under 75 år 1920-1995 (75 Years of Post Office Stamp Printing 1920-1995). This covers the time from installation of the first Swedish rotary stamp printing press (a U.S.-made Stickney press). Only a small quantity of the books were printed and distribution seems to have been very limited -- I am a member of the Museum Friends organization and I did not even know the Film blackprint or the book contains existed until around 2000 or that the book was the source of the blackprint until 2003 and it was not until 2006 that I learned that the book also contains proofs of the 1920-28 issues. The book and the blackprint / proof items it contains are extremely scarce.

The book contains a blackprint of the engraved portion of the 1995 Film stamps (Scott #2138-43), which includes designs ENGRAVED BY SLANIA, SJÖÖBLOM, and NASZARKOWSKI.

The book also contains blackprints / proofs of three 1920-28 issues (Scott #115, 116 Type II, and #168 Type II).

	The book states that both blackprint / proof items are printed from the ORIGINAL ENGRAVINGS, thus not from secondary transfers or plates. The result is prints of incredibly clarity and detail; the 1920-28 stamp designs especially are unbelievably sharp and detailed.			(The blackprint of this wonderful issue was only offered in a folder / pack.) This item is the BLACK-PRINT ONLY. 42.00			#2492 pane of four. Engraved, imperforate blackprint in beautiful folder with both Swedish and Irish issues in first day canceled panes. The blackprint pane is mint and can easily be removed from the folder. Engraved by Lars Sjööblom. VF 27.50	
	While the existence of the Film and 1920-28 blackprints is known to some in the Slania collecting community, though few have ever seen an example, they are virtually unknown to collectors of Sweden including collectors in Sweden. The existence of the 1920-28 items is seemingly virtually unknown to all; as of 2009 I have never seen any press reports or documentation that these 1920-28 items exist.		219004	2000 Childrens Toys issue. Scott #2400 pane of six. Engraved, imperforate red-print "pane", only of the engraved portions of the designs. In very strong demand from the thematic collectors (teddy bears, trains, toys, cards, police, legos, etc.) that know about it, however, this has yet to be "discovered" by the majority of potential interested collectors. Very difficult to obtain. Includes a Slania engraved stamp. VF 25.00		219012	2004 Engraved, perforated, green-print reproduction of the first Swedish booklet (1904, Scott #56e, King Oscar II), complete with replica booklet pane in replica booklet cover. VF 15.00		219007	2002 Astrid Lindgren issue. Scott #2431d Portrait design. Souvenir folder containing the imperforate blackprint souvenir sheet of engraved portion of design; same engraving for both countries. Also contains the full-color souvenir sheets of both countries, however these souvenir sheets are slightly different than the panes from the regularly issued booklets (the Michel Catalog has apparently listed the difference). The blackprint and the two souvenir sheets were only issued in this folder. VF WTD	
219000	1997 Gustav III Museum of Antiquities. Scott #2246. Imperforate "souvenir sheet" with blackprint of only engraved portion of only the Muses Gallery stamp. Includes engraved printed Slania "signature". Slania engraved stamp issue. VF 10.00		219009	2003 Nobel Prize in Medicine issue (Santiago Ramon y Cajal and Servero Ochoa). Sweden Scott #2460 set of two. Engraved, imperforate pair of the two stamps with only the engraved portion of the designs, in red. A joint issue with Spain. (Because both the Spanish and Swedish issues are the same design, this could be considered to be from either. However, the Spanish issue has its own blackprint sheet, also available from me.) This is an extremely popular thematic but this item is virtually unknown to almost all collectors who could be potentially interested. Slania engraved issue. VF 10.00		223359	2006 Hanseatic League issue (joint issue with Germany). Pane of four. Engraved, imperforate brownprint 4-block of only the engraved portions of the designs. 219002	1999 Maritime Heritage Ships issue. Scott #2339-42. Engraved, imperforate blue-print booklet pane, only of the engraved portions of the designs. In a "test booklet" with "PROVHÄFTE" on the ornately illustrated cover. Scarce and very much sought after -- we did not know about this issue until three years later and it has become "impossible" to obtain. Scott		233317	2007 Carl von Linne issues (two coil and two booklet designs) blackprints in post-office issued Linne book. The two coil stamp designs are engraved by Naszarkowski and the two booklet design stamps are engraved by Lars Sjööblom. The book is a beautiful production with great photographs and interesting text, all of which is fully in Swedish, German, and English. The book also includes the issued 2007 Linne stamps and is encased in a dust cover. The book sold out quickly and is virtually impossible to obtain. 120.00	
219003	2000 Slania 1000th Stamp issue. Scott #2374. For his thousandth stamp, Slania chose to engrave a stamp for Sweden that would also supposedly be the largest regular postal stamp in the world. The blackprint of this wonderful issue was only offered in a folder / pack that also contains the mint stamp (souvenir sheet) and the official first day cover. The pack bears a portrait of Slania and an image of a larger area of the ceiling painting. A very nice item! The complete pack. Postal Art Prints

Postal Art Prints are officially produced and sold by the post office, often with a postal connection and/or the work of post-office employed artists or engravers, but are not actually related to specific stamp issues. This is the only comprehensive listing of them of which I am aware.

Revenues

Documentary 1968 Slania Design

This design, engraved by Slania, came into use in 1968. They were sold, at least through the post office (?), until 1 April 1989 and validity (and use of adhesive documentary revenue stamps) entirely ceased as of 1 July 1992.

Swedish revenue stamps have most recently been cataloged in the 2009 Facit Scandinavian Specialized Catalog.

Mint stamps range from very scarce to rare. Some mint stamps are known (at least) with white dull gum and some with "flat" invisible gum; it is unclear to me if any are known with both. The invisible gum examples I have seen have a slight horizontal wavyness in the gum.

At least some of the low-denomination BROWN stamps are known in both (Dark) Brown and (Light) Orange Brown.

Christmas Seals - National

The full listing of Swedish Christmas seals is still under development. However, I have a very comprehensive stock and will be happy to send approvals from your want list. Please let me know of your interest.

Seals

Flag Day Seals

Swedish Flag Day seals were first issued for 1916-17 and since 1918 have been issued annually. The seals usually bear the text "Svenska Flaggans Dag" or "Stiftelsen Svenska Flaggan" or "Nationaldagen". They are colorful, patriotic, and often great works of miniature art. For a few of the years matching picture post cards also exist. Because most years do not indicate the year of issue, the seals can be difficult to identify without an il-

lustrated catalog (such as this website). This is the only on-line illustrated listing of them of which I am aware. The early issues are generally scarce, some very scarce, and some of the modern issues, from the 1960s onward, can be frustratingly difficult to find. Used examples are quite scarce and seals used (tied by postmark) on cover or card are extremely scarce.

All items are available for viewing on approval. Even if the items you seek are not currently listed, please send your want list so that I may advise you when they become available.

Mint examples with gum are usually much scarcer. Mint blocks or larger units are usually extremely scarce. Nicely canceled examples are often scarce and seals used (tied by postmark) on cover or card are usually extremely scarce. Because Sweden was not an occupied country, these seals have not obtained the notoriety (and value) that WWII-era seals have for Norway and Denmark.

236752	Royal Air Defense Society ("Riks Luftskydds Förbundet") 10 öre in red, blue, and black. Soldier holding shield against formation of airplanes. Denomination and text in white. Small format, design 17 x 22 mm. Perforation 11. NH VF SHEET OF 50 (10 columns x 5 rows). Has irrelevant small ink stain on lower right corner of selvage; otherwise perfect quality. In 38 years I can only recall seeing one or two mint with-gum singles of this label, perhaps 5-10 no-gum singles, and one or two canceled singles. I do not recall ever seeing an example on cover (untied or tied). If I had a NH VF single of this label, I would price it at \$5, making the break-up value of this sheet \$250! And I certainly have never seen anything as stunning as this sheet! An important Swedish WWII-era artifact that helps illustrate one of the reasons why the Germans bypassed Sweden.	95.00

236684	58 [1891 10 öre Engraved Oscar] (VF) on 14 August 1908 picture post card (photo scene from town of Säfsjö) to the U.S., with RAILWAY cancellation "PKXP. No 2 A. INR. U.", Danish transit postmark (unusual on mail to the U.S.), and red U.S. New York "DEFICIENCY / IN / ADDRESS / SUPPLIED / BY / NYPO - I.D." handstamp. The so-called deficiency is that somebody could not read "Mass" as the state, even though it was right there. What makes this card especially interesting is that it is a HAND-DRAWN DIVIDED BACK card. Prior to 1 October 1907 divided back cards to the U.S. were charged at the letter rate. This sender was utilizing an earlier undivided-back card, dividing the back so that a message could be written without obscuring the picture on the other side. I do not recall previously seeing a Swedish hand-drawn divided-back card. This is an important type of item in the time line of the postal history of Swedish post cards.	25.00

Though the sender appears to be British and the sending from Denmark just coincidental, it is worth mentioning that the Danish military participated in the B.A.O.R. occupation operations through their "DEN DANSKE KOMMANDO I TYSKLAND" until 1958. Scandinavia Tourist Issues

These stamps were issued in cooperation with the Swedish and other Scandinavian post offices and are valid FROM other countries TO *Sweden, Denmark, Norway, Finland, and Åland*. They are listed by the Facit catalog. There were five different stamp issues included in six different issues of booklets.

It all started in 1994 in the Canary Islands, off the coast of Spain. Many Scandinavians vacation in the Canary Islands during the dark Scandinavian winters. Unfortunately, sending an airmail letter from the Canary Islands back to friends in the Scandinavian countries used to take several weeks as it crawled through the Spanish mails. To solve this problem, Sweden Post, through a cooperative arrangement, issued special stamps, initially sold only in the Canary Islands. These stamps had international franking value for post cards (one stamp) and letters (two stamps) to *Sweden, Denmark, Norway, Finland, and Åland*. The following year, the availability of stamps and service was expanded to other tourist destinations such as Cyprus and Crete. Eventually the stamps came to be used from a number of areas, including Florida! The letters and post cards are posted with the hotels and travel agents and are carried aboard charter airliners to Stockholm where they are placed in the regular mails for delivery within Sweden or to the other countries.

This mail service ceased in the fall of 1998. The stamps have already become quite hard to find; prices are already rising. However, most collectors are not yet aware of them; as they become more well known, we can expect prices to climb.

To my knowledge, this is a completely new type of stamp: Issued by one country for postage use on letters *from* a different country, back to the home country (or to a neighboring country). These special-purpose stamps are not local issues because they have international validity and they were authorized by a national postal service. They are stamps. The items below are listed by Facit numbers.

Stamps

The Facit Catalog has already listed these stamps. European catalog and album publishers are likely to eventually include them as well. They are already being included in the Stender Albums. Obtain your stamps **now** before they are listed in all catalogs; before prices go up further! Though these stamps were printed in Sweden, they are valid for mail to Denmark, Norway, Finland, and Åland as well as Sweden. This means that collectors of all these countries are including them in their collections. You may wish to do so as well.

#TU13-18 (Hotels) and TU19-24 (Maps)	were issued in two different booklets. Each booklet contains a pane of 12 stamps, consisting of two identical six-blocks. The Hotels had two printings. The first Hotels printing has glossy gum, while the second has dull gum. The Maps only had one printing, with glossy gum. The glossy gum is quite variable and sometimes has "skips" in it. While Facit is unclear if the stated issue quantities are for stamps, 6-blocks, or whole booklets, Facit states that only 3200 of the Hotels first printing were issued (the rest were destroyed due to problems with the gum) -- this is very scarce! The stamps have vertical line-rouletting and much smaller, fainter, horizontal line/dot-rouletting. The Hotels first printing and the Maps do not have vertical rouletting between the two six blocks, but the Hotels second printing does have vertical rouletting between the 6-blocks. Both Hotel printings 6-blocks can be found with a vertical line of colored-black roulette cuts at the right side of the six blocks (the binding edge of the panes). All these variations may be available, please inquire.

	#TU25 was issued in a booklet containing a pane of 12 stamps, folded at the center. In Swedish tradition, "singles" are usually collected as a vertical pair. The stamps have vertical line-rouletting and much smaller, fainter, horizontal line/dot-rouletting. There is vertical line of colored-black roulette cuts at the right side of the pane at the binding edge. The pair with this line may be available, please inquire.

Covers

The Tourist Stamps were applied to post cards (one stamp) and letters/envelopes (two stamps) by the sender or perhaps a travel agency or hotel employee at the tourism location (i.e. Canary Islands, etc.). The mail was then privately transported to the nearest airport served by related Scandinavian airlines or charter airlines serving the tourists. The airlines carried the mail to Stockholm where it was sorted for delivery in Sweden or carriage on to one of the other Scandinavian countries.

The card and envelopes were **not normally postmarked** in accordance with Swedish post office practice regarding mail that is imprinted or bears stamps bearing the statement "porto betalt" or "port payé". Postmarked covers and cards are the exception and are, of course, avidly sought after.
