| 234440 | Scott #1, Position TL, 1840 "Penny Black" Victoria. Used F-VF with 3 large margins, touching at top. Light red Maltese cross cancel. Nice example of the iconic Penny Black, the first postage stamp!  | 149.00 | --- | ---  | ---    |
| 237615 | Scott #1, Plate 1B, position HK [1840 1p black Queen Victoria] Used F-VF with small thin spot. Light red cancellation.   | ---    | --- | ---  | 79.00  |

| 217982 | Scott #4 (letters AB), 1841 2p blue Queen Victoria. Used Fine. Looks nice.   | 22.50  | --- | ---  | ---    |
| 224873 | Scott #4 (B,E), 1841 2p blue Queen Victoria. Used F-VF, 3 margins with RARE Maltese cancellation with the numeral 4 in center. (A London office postmark. Numbers 1-12 exist; all are scarce to rare with values in SG 2012 ranging from 400 to 800 pounds on this stamp!) The cancellation is upright. The 4 in the center of the cross is perhaps not obvious at first, but playing with the colors in a digital image shows it up fairly well. The center would otherwise be a diamond shape, which this is certainly not. Gibbons 2012 value is 700 POUNDS = \$1120! Priced very low due to the three margins and the esoteric nature -- a huge bargain! | 175.00 | --- | ---  | ---    |

## Great Britain First Day Covers

|--------|---|-------|
| 732783 | <b>Great Britain First Day Covers 1967-1975:</b> Selection of 21 different GPO-cacheted (official post office cachet) first day covers, nearly all franked by complete commemorative sets, and VF. Many colorful topical issues including ships, trains, bridges, authors, stamps on stamps, castles, etc. All have official FD cancels from uncommon locations including Hamilton in Lanarkshire and Scotland (Glasgow and Edinburgh) -- most not listed by one of the largest sites listing such cancels. <i>Shipping cost is additional for this item.</i>   | 29.00 |
| 730356 | <b>Great Britain: Fleetwood First Day Covers 1974-80:</b> Collection of 57 virtually all different cacheted unaddressed Fleetwood first day covers, almost all in complete sets (usually sets of 5: four individual covers plus a fifth bearing the entire set with a different cachet). Included are Churchill, Christmas Carols, bicycling, horses, QE II Jubilee, trains, dogs, etc. As a bonus, two of the issues are in Fleetwood hard-cover souvenir folders. A very attractive group, VF! Original new issue cost probably well over \$150. (Old #40248) <i>Shipping cost is additional for this item.</i> | 59.00 |
| 731369 | <b>Great Britain First Day Covers 1986-1990 Collection:</b> Collection of about 45 different neatly (typed) addressed first day covers with official Royal Mail cachets. |        | flowers, science, Linne, birds, Christmas, astronomy, dinosaurs, maps, etc., etc. Contained in handsome, new-looking maroon "Royal Mail First Day Covers" binder. Scott 2008 value just as used stamps is about \$185! Great value (even for a dealer or eBay)! <i>Shipping cost is additional for this item.</i>   | 79.00  |
| 732677 | <b>Great Britain FDCs 1987-2005 -- High Value, Very Low Price:</b> Collection of about 263 official post office (Royal Mail) cacheted FDCs, with handwritten addresses and actually postal mailed to the U.S. Some show postal markings such as the U.S. sorter bar code (NOT on the the stamps), but only a very few show any damage to the stamps from postal transit. About 112 of the 263 covers had been stored (since removed) in plastic envelopes that were just slightly too small, thus those covers have a very gentle bend in the envelope (does NOT affect the stamps) that I am sure will completely flatten out in time. The official post office insert informational card has been removed from the envelopes, but they are present in this lot IF you want them (if you only want this for the stamps, then you do not need to pay shipping cost for the insert cards). I am sure that this 1987-2005 run is not fully complete, but it is substantially complete, at least of the commemoratives. <b>The catalog value of the used stamps on these covers is enormous! These sets of stamps catalog \$3-4-5-6-7 PER SET OF STAMPS and there are about 263 covers here! The total catalog value of the stamps must be at least \$800 and probably closer to \$1300 or even more.</b> Whether you keep these as postally used FDCs (which are unusual in this time period) or soak the stamps off for your collection, this is a tremendous bargain. <i>Shipping cost is additional for this item.</i> | 229.00 |
| 731371 | <b>Great Britain First Day Covers 1992-1997 Collection:</b> Collection of about 44 different neatly (typed) addressed first day covers with official Royal Mail cachets. All complete sets (one set per cover) representing a tremendous range of topics including animals, Royals, art, literature, sailing, history, war, theater, EU, Christmas, birds, time, flowers, orchids, ships, Sherlock Holmes, berries and nuts, trains, Channel Tunnel, sports, D-Day, golf, science, cats, Shakespeare, rugby, soccer/football, cinema, autos, airplanes, horses, etc., etc. Contained in handsome, new-looking maroon "Royal Mail First Day Covers" binder. Scott 2008 value just as used stamps is about \$180! Great value (even for a dealer or eBay)! <i>Shipping cost is additional for this item.</i>  | 79.00  |

|        | Mint VF+ centered, lightly hinged. This stamp issue is actually a production error; the overprint was applied to the wrong stamp, but they were issued anyway, thus has a regular Scott number. This stamp is extremely scarce and is missing from most collections. The Scott value is much too low, especially for a nicely centered example. VF |      |        |      |

| 237832 | Semi-Official Airmail Express Service Stamps. Apparently unissued, apparently COMPLETE SET of 10 stamps (five small, and five larger, including one with R overprint), Mint VF with a couple stamps having blunted or shortish perfs (seems to be typical on this issue). According to the Witt Collection information on the Cinderellas.info website hosted by Riga Stamps, these stamps were (un)issued by J.G. Ribon who operated a express company from 1927 to 1934. Witt quoted an October 1970 The Stamp Magazine article by the legendary L.N. and M. Williams stating that these stamps were printed in 1931 in Berlin, "but apparently never issued." Witt stated that the stamps were "engraved", however, the engraving is extremely shallow (probably an early, high quality photogravure). However, the denominations are printed by typography (letterpress), a fact not mentioned by Witt. Some references have mentioned that these are listed in the old Sanabria (airmail stamps) Catalog, but that does not seem to be the case. The full text on the stamps is: SERVICIO SEMIOFICIAL / REPUBLICA DE COLOMBIA / CORREO EXPRESO / EXPRESO COLOMBIANO / SOMOS LA CONEXION RIBON / and the denomination word CENTAVOS or PESOS. The numerical denominations are in circles in the two lower corners. The central image is a bird holding a letter, flying over water, with CORREO RIBON across its wings. Slightly off-white paper, perforated 11, honeycomb watermark, white gum. Internet searches have found a very few mentions of these stamps; they seem to be much, much scarcer than the typical unissued-philatelic kind of production. I have seen only a couple offers of items for sale: parts of sets in the \$25 range and a group of nine stamps (missing the R overprint) in the \$120 area. Though this is outside my normal area of specialty, I have never seen a complete set offered. | ---   | ---  | 80.00 |
| 238405 | "EL EXPRESO TOBON" 6 c Orange Local Post Railway Express Service Stamp (Colombia) picturing railway steam locomotive and train. Used VF with crease not visible from the front (the few images of these I have been able to find show them to usually be in rough condition). Natural top margin straight-edge. Clear and complete violet "12 ENE (January) 1928" and partial violet boxed (B)uenaventura cancellations. According to <a href="http://fuchs-online.com/colombia/companies/29.htm">http://fuchs-online.com/colombia/companies/29.htm</a> this express service did carry mail (national postage stamps were also required) with daily service between Manizales, Pereira, Armenia, Cali, Popayan, and Buenaventura. These local stamps were apparently first issued in 1928, thus this would be an extremely early use. I have seen images that seem to show this 6c design in orange  | ---   | ---  | ---   |

PRC - Peoples Republic of China - Year Sets, Year Packs, and Year Books

| Item # | Description   | Price | NH  |

| 732272 | PRC China Scott #1303//1787: Group of NH VF of four 1977-82 Leaders Issues: Black stock card (in package never opened) containing 4 sets: Scott #1303-6 (Premier Chou En-lai), #1345-8 (Commander of Red Army Zhu De), #1357-62 (Mao-Tse-tung) (all from 1977); and #1786-7 (Soong Ching Ling - Sun Yat-sen Widow) (1982). Scott value of the stamps, which accurately reflects retail value for PRC, is \$73.00. <i>Shipping cost is additional for this item.</i> | 60.00 | --- |
| 236939 | 1980 Year Set consisting of 91 stamps and 1 souvenir sheet, Scott #1557//1646. The souvenir   |       |     |

| Item # | Description   | Price  | NH  |
|--------|---|--------|-----|
|        | sheet included is the scarce Scott #1617. <b>The rare 1980 Year of the Monkey Scott #1586 is NOT included, but is being offered separately. The scarce Scott #1573 souvenir sheet is NOT included because it had a minor ripple in the paper, but it is being offered separately. No booklets or larger sheets are included.</b> All stamps are NH; I have personally examined each stamp to verify that there are no gum blemishes or bends. The centering is all VF or better, though there are a just a couple stamps that might be considered only F-VF+. The perforations are virtually all perfect, however, #1637 (\$8 catalog value) does have short perfs; a perfectionist might find just one or two others that he or she does not consider perfect (but the price take all this into account). The overall quality is well above what is usually seen on the market these days (often having been picked over by fussy buyers). This set came untouched, in a sealed envelope, from the estate of the new issue purchaser; it was never handled or put in an album. <b>SPECIAL TERMS AND CONDITIONS. Because of the exceptional, extremely particular, and often difficult (failed transactions) nature of the China stamp market, this item may have special limitations on shipping destination, payment method, terms of sale, etc.</b> The total Scott 2013 value of the stamps present is \$1148.70 which is extremely close to actual retail selling prices. A check of a major dealer (who actually has the stamps in stock) price list shows all the retail prices to be the same or higher than Scott value (8 sets were higher, one was lower by 75 cents, the rest were the same). This year set is priced very attractively at just 75% of Scott value. |        |     |
| 732266 | PRC China 1989-1998 NH VF Commemorative Stamps in Year Books: Group of 7 commemorative stamp year books (hardbound, red, in slip cases) put out by a company called "Besfond Philately Goods Co., Ltd.". The years are 1989, 1990, 1993, 1995, 1996, 1997, 1998. The only text in the books is Chinese and appears to be the issue information. There is a page in the back that illustrates some of the postmarks from that year (perhaps the first day of issue postmarks?), and there is a page for a "commemorative souvenir sheet" (no denomination; not valid for postage, not Scott listed). Only the 1995 book contains the commemorative s/s. The 1998 commemorative year book appears to be put out by the post office; it is a slightly different format. The slip cases are not well made and show some wear, but the books (and stamps) are in excellent condition. These were purchased by a Chinese person in China and appear to have been made for domestic sales; such items are seldom seen outside of China! The total 2013 Scott value of the stamps included in the 7 books is \$395.10, including one commemorative souvenir sheet estimated at a value of \$25.00. For PRC, the Scott value is very close to actual retail selling prices. Though these are probably worth quite a bit more as the books, as a lot, they are priced well below the value of the stamps in the books! <i>Shipping cost is additional for this item.</i>  | 310.00 | --- |
| 732267 | PRC China Commemorative NH VF Year Sets 1991 and 1992 in Folders (Packs): The folders show a slightly bit of wear on the outside, but the stamps appear to be all NH VF. The total 2013 Scott value of the stamps is \$97.60. Though these are probably worth more as the folders, as a lot, they are priced well below the value of the stamps in the folders! <i>Shipping cost is additional for this item.</i>   | 74.00  | --- |

|        | item more interesting. 2013 Scott value for the sheet is \$22.50 and it actually sells for that. The stamps show 56 ethnic groups in "traditional costume", often accompanied by musical instruments, weapons, dancing, etc. Wonderful topical issue! This folder was originally purchased by a Chinese citizen in China; I suspect that very few of these folders were sent outside the country. <i>Shipping cost is additional for this item.</i> |       |     |

## Cinderellas

In philately, "Cinderellas" are a wide range of stamp-like items that are not actually postage stamps. This certainly includes labels (some are also called "poster stamps"), Christmas, TB, and charity seals, etc. The category usually also extends to include stamps issued by local posts, railways, and shipping companies; as well as revenue (tax) stamps and just about anything that resembles a stamp. The range of "Cinderella" material probably extends to the borders of "ephemera" material. One collectors Cinderellas are another collectors main interest!

## Album Labels

These labels were created and sold by stamp album publishers for the purpose of placement at the top of the first page of each country in a stamp album. In the U.S. we are most familiar with those produced by the Scott company and consist of Flags, Coats of Arms, and Rulers of the World; The first Scott advertisement for them that I have seen (I have not done an exhaustive search) is in the 1902 Scott Catalog. A quick check also showed similar ads in the 1927 and 1950 catalog editions. **See the advertisements here.**

This type of label was often stuck into the albums of young collectors; they tended to tear them apart very roughly and then lick-and-stick them in the album. Examples with gum (even hinged) and in nice condition are very seldom offered! **Spellings are as shown on the label.**

## Scott - Rulers Of The World

Originally sold by the Scott stamp album publishing firm. There were surely must have been different editions of them over the years, but I do not have any information on how to differentiate and identify different editions. I am first aware of the labels being offered in a 1902 Scott Catalog. **This group came from an album dated 1935 and which contained no stamps issued later than 1945. All are with full gum, hinged, and in excellent quality unless noted as SD (slightly damaged). Such nice examples are very seldom offered!**
